Grand Rapids, the supposedly strong est team in the International League is the first to go under, and that with out waiting for Fourth of July games. A wreck was not looked for in that quarter. Now it is proposed, according despatches, to put an Interstate League team there. The International League will have something to say about that. Grand Rapids can't break into any other League while it is behind with its finances in the International, and it will have therefore to square up with the Treasurer before looking around for new company.

It is satisfactory to know that the failure of Grand Rapids won't cut Hamilton out of any games of the series which opens here to-morrow The first two games will be with the league leaders, London being here for the real fight for the championship on Wednesday and Thursday. Then Fort Huron, the tail enders, come for two games, Friday and Saturday, and Saginaw, well up in the race, will be here for three games on Dominion Day, Monday next. After that-well, those who like ball had better take advantage of the present opportunity.

Buffalo, June 26.-There was little out of the ordinary in yester-day's racing at Fort Erie. The day was fine and warm, the racing clean and interesting and the crowd of large proportions Looram and Zanone raced in front in the fifth race till Looram was beaten, and Zanone is so tired that Nancy Till caught him in the final stride, beating him home by a head. After the race Ed. Moore. Looram's owner, claimed Zanone for \$800 and took him to his stable. There is some doubt about his getting a bargain. Zanone is a fast horse, but not a sound one, and is such an in and-outgr that every one who ever owned him has got into trouble over the horse's inconsistent performances. Royal Salue wont badly in the last race. He broke with the others and was on the outside, but fell back to last position, and Flint tried to work his way up ou the lasth. BIUYCLING. Their Troubles Settled. Ottawa, June 26.-The troubles as to racing control, which beset the Cap-ital Bicycle Club's endeavor to pull off the Dominion meet here on July 2nd and 3rd, are now a thing of the past, and the prospects for the successful outcome of the event are now bright. The whole trouble between the C. W. A. and the C. C. A, the two organiza-tions of control, were amicably settled at a joint meeting of the delegates of both associations at the Capital A. A. A. rooms on Saturday night. The principal points in dispute were mutu-ally settled after the following fash-tion:

Sharkey and Rublin To-night. New York, June 26.—The fistic bat-tle between Tom Sharkey. the rug-ged heavyweight, and Gus Ruhlin, the Akron giant, will be decided to-night at the Seaside Sporting Club at Coney Island, and a siashtog, fast fight can be looked for. The men have trained as they never trained before for any battle, and, as are-sult of their hard work, are at the present time in splendid condition for the encounter. The betting on the fight has been light so far, there only being about \$7.000 wagered on the battle up to the present time. The light betting is no doubt caused by Ruhlin's sup-porters, who seem to think that by holding off until a few hours before the men enter the ring they will get better odds for their money than the sailor's admirers are offer-ing at present. I supposed there was no re-lief for me. In the fall of '97 I was confined to my bed and my physician had great trouble in checking a se-vere attack of stomach and bowel trouble. Since then up to four months ago, I had these attacks often, each one more weakening than the other. My health became so impaired and I lost flesh so rapidly that I became alarmed. My son, who suffered from chronic nervous troubles and had ob-tained beneficial results from using Celery King, often asked me to try, it, but I mever had any faith in pat-ent medicines, and considering my case hopeless, I concluded not to ex-periment. But while suffering great distress he one day persuaded me to try Celery King, I made a con that night and it gave me great relief.
