

MARRIED THEM.

Former Hamilton Minister Weds Two Irish Lovers

And They Hire Out to a Farm Near Hamilton.

(Special Despatch to the Times.) Toronto, Ont., May 25.—The over-look party of about fifty British immigrants, which sailed from Liverpool in the Lake Manitoba, arrived in Quebec on Sunday night and came on to Toronto yesterday. Places had been found for all but three of them before their arrival. The unmarried women in the party were eagerly sought after for positions as domestic servants. A romance developed on the way over and ended up in a wedding here yesterday. Robert Boyle and Elizabeth Cummings, both from Ireland, developed matrimonial desires, and only the absence of a clergyman on board prevented the knot being tied. After their arrival here the engaged couple were very anxious to find work in the same place, and fortune was kind to them. A farmer near Hamilton wanted them both, and after Rev. C. O. Johnston made them man and wife, they left to begin their new life in Canada. Mr. R. A. Jones, the provincial immigration officer, who met the party in Quebec, combined the duties of best man, bridesmaid and flower girl.

HAMILTON PEOPLE HAD GOOD HOLIDAY

(Continued from Page 1.)

Leaf Park, fully reported elsewhere, got the crowd of the day. The sporting events of the morning, also reported elsewhere, were witnessed by tens of thousands. Both the Grand Trunk and the T. H. & B. railways report having had very large holiday business. The crowds on the electric cars were enormous, and the service on the suburban lines all that could be desired. Considering the broken up condition of the city street railway service the company did well in handling the crowds. It was terribly handicapped by the reconstruction work which is going on. Many thousands visited the Beach. The radial cars were all filled and a very large number of cars were on the line. At the Beach there was a good deal of boating but most of the pleasure seekers seemed to take plenty of enjoyment out of the place and the trip. The Brantford, Dundas and Beamsville lines all did well, large crowds taking in the H. G. & B. to see the blossoms.

The mountain was dotted with picnic parties, right out as far as Gage's point. There are some very attractive spots along the line of the mountain boulevard, and these were taken advantage of by family and private groups. Dundurn also had great crowds. The fireworks which were very general at night included a number of balloons set up in the west end of the city and which took a southeastern course at great speed, disappearing over the mountain in the vicinity of the east end incline. The Canadian Foresters' excursion to Detroit was a great success. The crowd of about 600 people got back to Hamilton in time for breakfast this morning.

OUT ALL NIGHT.

Toronto Launch Party Had an Exciting Experience.

Toronto, May 25.—A great deal of alarm was felt this morning when it was discovered that a launch party of twenty girls and four boys, which left Sunday side at 1 p. m. yesterday for Port Credit, had not returned at 8 o'clock this morning. The party went to Port Credit and left there in safety at 6 p. m. At 6:45, when some distance out in the lake, they discovered that their gasoline, of which they had twenty gallons, had all leaked away through a defective tube. It was then getting dark, and the party was badly frightened. They rigged up a sail out of a table cloth, and, that proving useless, tried to row. They could make no headway. For twelve hours they tried ineffectually to attract attention, and when dawn came found themselves almost out of sight of land. All through the night they had waved a lantern and shouted, and they claim that a launch passed near them but paid no attention, and that the steamer Belleville, which passed close by, refused to stop. Two search parties left, one at 2 and the other at 6. The drifting launch was finally rescued, after thirteen hours in the open lake, by two Port Credit fishermen.

SHOT HIM DEAD.

Killed by His Brother-in-Law While Kneeling in Prayer.

Keanett, Mo., May 25.—While kneeling in prayer at church services in Europe School House, last night, Henry Culp was shot and killed by his brother-in-law, Charles Champ, 18 years old. Champ fired three bullets into Culp's body and fled. Citizens, headed by the sheriff, are searching for him. Culp killed Harry Champ, brother of the slayer, last August, after having been driven from home by the Champ brothers. He was acquitted, the jury deciding his act was justifiable.

Mrs. John Atkinson, formerly of London, Ont., was accidentally killed by the discharge of a gun at Flint, Mich.

TEA TABLE GOSSIP.

Murray Street Public School placed a wreath on the Queen Victoria monument yesterday.

Misses Ethel and Shirley Morris and Master Morley Morris, of this city, are guests of their aunt, Mrs. Hand, at the Vendome, Sarnia.

Mrs. William Smith and Master Herbert Smith, Bailey street, and the Misses Adams were visiting friends in Toronto over the holiday.

At noon today a small fire was caused at the residence of F. C. Boyd, 47 William street, by boys setting off firecrackers. The damage was slight.

Master Gordon B. Flett, of this city, won the gold and silver medals offered by the Caledonian Club at Galt, on Victoria Day, for Scottish dancing.

A meeting of St. Elizabeth Chapter, I. O. M. E., will be held at the residence of Mrs. Charles Gurney, Arkle-dun avenue, Wednesday, May 26th, at 8.30 p. m.

A number of the visitors from Toronto to the Maple Leaf Park were forced to stay in the city over night on account of a misunderstanding as to the time the Turbinia left on her return to Toronto.

The East Hamilton Y. M. C. A. song service was well attended on Sunday evening. Rev. D. R. Drummond spoke, and the male quartette from Westworth Street Baptist Church gave some very fine selections. Next Sunday night the song service will be held on the lawn.

Rev. Mr. Berger, secretary of the Y. P. S. C. E., will be held at the Central Y. M. C. A. on Sunday at the 4.15 meeting.

Mr. Fred J. Robinson, of London, England, is visiting his brother, J. H. Robinson, John street north. The meeting of the two brothers was the first in twenty-four years. Mr. Robinson is thinking of settling in this country.

A young man by the name of Harris was knocked off a bicycle while riding on Barton street east this morning and severely injured. He was carried into Zimmerman's drug store at the corner of Wentworth and Barton streets, and Dr. Parry was called. Later on he was removed to his home on King street east, just past Sanford avenue.

Hamilton Centre of the Royal Astronomical Society will meet to-morrow evening at 8 o'clock in the observatory of the Vice-President, Mr. William Bruce, on the mountain. After the general business each member will be given an opportunity of examining the moon at first quarter, and viewing other celestial objects through his four inch Grubb and three inch Brashear Telescopes.

BE THERE.

General Meeting of Citizens Called For To-morrow Night.

Secretary Murton, of the Greater Hamilton Association, has sent out the following circular: You will, no doubt, be pleased to learn that the good work which was accomplished by the City Improvement Society, but which during the past year or two has been dormant, is to be taken up again, and that at a recent meeting of the Greater Hamilton Association it was decided to revive this work by forming a Civic Improvement and Legislative Committee. Mr. R. Tasker Steele was elected chairman, and has assured the association that his best efforts will be extended to you to attend, and also to bring your friends to this meeting.

HUNG IN MIDAIR.

Queer Plight of London Man With His Automobile.

(Special Despatch to the Times.) London, Ont., May 25.—For twenty minutes last night Joseph Lawrence and his two little grandchildren hung suspended in their automobile forty feet above the river while a crowd of several hundred picnickers worked with all their might to pull the machine up the steep bank. In trying to turn around on a narrow road Mr. Lawrence backed the machine over the embankment and was only saved from going into the river, 25 feet deep, by the automobile getting caught in a tree. Mr. Lawrence and children were unable to move for fear of falling out, and he had to hold the children tightly as they became very much frightened. The crowd finally got a rope and pulled the auto and inmates to safety.

CAMERA CLUB.

Fine Outing at Forks of the Credit Yesterday.

The Camera Club had an enjoyable outing on Victoria Day. Mr. Charles Herald personally conducted the party of photographic enthusiasts, who mustered nearly thirty strong. Going by G. T. R. to Ingleswood, they changed at the junction and reached the Cataract by C. P. R. The Forks of the Credit River afforded an excellent vantage ground for picturesque views. The acolyte light was particularly favorable, and the charming vistas were impressed upon the sensitive plates and films in a truly scientific manner. These views will be exhibited later on, and by means of lantern slides, the distant camera clubs who compose the Lantern Slide Exchange may have an opportunity to see what beauty of natural scenery abounds everywhere in the Fair Province.

Ample provision was made by the commissariat department, and refreshments in abundance were supplied at the Cataract.

This is the first outing of the season, and President-elect Overholt is delighted with the spirit shown by the members in their work.

Much profit and benefit can be derived from these outings. The ladies of the committee are also to be congratulated for the interest they took in the proceedings. The party got home shortly after 9 o'clock.

The office-seeker who is in the hands of his friends should be careful that they don't drop him.

NAMES ON MEMORIAL.

Omitted From Printed List But Are There All Right.

The absence of the names of several South African Veterans, especially that of Corp. W. J. Anderson, killed in action, from the memorial tablet unveiled by Earl Grey, according to the list published in the papers yesterday, created considerable talk. As a matter of fact, Corp. Anderson's name occupies a very prominent place on the tablet, under the list of those who served with the First Regiment, Canadian Mounted Rifles. Two other names on the tablet, under Corp. Anderson's, unintentionally omitted by the papers, were private W. Mitchell and Private R. J. Dinsmore, who died in Africa.

The following names on the tablet are those of men who served with the Royal Canadian Artillery and not the Canadian Mounted Rifles, as stated in the papers:

Corporals R. S. Hope, J. Higginson, W. E. Bernard, Gunners H. A. Baker, P. Bell, J. Gerry, W. Hamill, M. L. Leister, H. McComis, J. A. McCullough, W. E. McDonald, J. A. McNab, W. L. Robertson, J. McLean, E. A. Hudson, J. Porteous, W. Patton, J. Letten, T. P. O'Connor, Geo. Pryke, T. Smith, W. J. O'Donnell, G. Van Norman, P. O'Reilly (died), Trumpeter W. F. Dunlop, etc.

There are, however, a number of names of South African men from Hamilton who are not on the list. Some of these enlisted at other points. Major Tidswell, who is Hon. President of the Patriotic Fund Committee, said to-day: "We did not intend to get the names of all the men who were from here. We advertised the list in the papers and asked them to come forward. We could not do more than this, and if any are missing it is not our fault."

Those who were present at the luncheon tendered the Governor-General by Mrs. Hendrie at the Holmstead were: His Excellency, His Honor the Lieutenant-Governor, Mrs. Hendrie, Mrs. J. S. Hendrie; Mrs. J. D. Hay, Toronto; General Cotton, Sir Hanbury Williams, K. C. V. O., C. M. G., Col. Weston Jarvis, Colonel Hendrie, Major-General George Levesque, Detroit; Geo. Hendrie, Jun., Detroit; Captain Newton, M. V. O., A. D. C., Major McDonald, secretary to the Lieutenant-Governor, and Major Tidswell.

The staff at the brigade parade on Sunday was as follows: Lieut.-Col. Hendrie, C. O., commanding the garrison; Major Tidswell, chief staff officer; Lieut. Hope Gibson, orderly officer; Lieut.-Col. Logie, commanding the infantry brigade; Capt. Carscallen, Fourth Field Battery, C. F. A.; Major Ross, commanding the 18th Regiment; Lieut.-Col. Bruce, commanding the Ninety-First; Capt. Lawson, commanding the C. M. C.; Lieut.-Col. Osborne and Capt. Ecclestone, South African Veterans; Lieut.-Col. Stoneman, commanding the Veterans of '96.

The Patriotic Fund Committee is obliged to the following for the loan of their motor cars for the use of the Vice-Regal party: Mrs. Hendrie, Lieut.-Col. Moodie, Mrs. Malloch, Mrs. Robert Hobson, Col. Hendrie.

ABOUT CANCER.

Not a Germ Disease, Nor Infections Say Medical Experts.

New York, May 25.—You cannot get cancer by eating fish, meat, vegetables or anything else, nor by drinking water, liquor or any liquid whatever, according to the experts on cancer of the medical faculty of Columbia University. These eminent specialists say that cancer is neither a germ nor infectious. One of them expressed it yesterday to a reporter, "You could breathe cancer, swallow in cancer, handle cancer with out hands, and not be in the least danger of contracting the disease, simply because cancer is not a germ disease."

When the investigation that is being conducted by the Buffalo State Cancer Laboratory to ascertain whether fish communicated cancer germs to man when used as food was called to their attention, these experts smiled. They repeated the word "germs" with a derisive ringing inflection, and then went into an elaborate explanation of why cancer is not a germ disease.

Chas. H. Townsend, director of the New York Aquarium, declared that if persons were made ill by eating fish, it was simply because of the amount of filth the fish imbibed by the foul waters of the streams near our large cities.

GERMAN AIRSHIPS

Took Part in Military Exercises in Presence of Emperor.

Doerlitz, Germany, May 25.—The Gross and Parsifal airships, commanded by officers of the army, took part in the field exercises of the Footguards today in the presence of his Majesty, the Emperor. His Majesty arrived at the parade grounds at 7 o'clock this morning, and awaited the coming of the airships. They had started from the Tegel headquarters, nine miles away. Strong winds made the evolutions difficult, especially in the higher altitudes, where the wind was blowing at the rate of 38 miles an hour. But in the low levels the pilots executed difficult manoeuvres with great skill.

Both ships then came down in front of the Emperor, who inspected them thoroughly, and displayed the greatest interest in the performance.

The contrary winds probably will make it impossible for the balloons to return to their starting point to-day.

MAN DROWNED.

Kingston Carpenter Walked Off the Dock Into the Water.

(Special Despatch to the Times.) Kingston, Ont., May 25.—David Brown walked off the Queen street dock last night and was drowned. His body was recovered a few minutes later by Officers Craig and Driscoll by means of grappling irons, but life was extinct. Brown was about 48 years of age and was a carpenter by trade. He is survived by a wife and son, who are both away from home. Brown, which stopped at 12.15, Coroner Ross was summoned but after investigating the facts of the case decided that an inquest was not necessary.

NEGRO LYNCHED.

He Was Strung Up a Second Time by Mob of 300.

Pine Bluff, Ark., May 25.—Lovett Davis, charged with attempted assault on a 15-year-old girl here Friday night, was taken from the jail at midnight by an unmasked mob of 300 men and hanged to a telephone pole on one of the principal streets.

Just as the negro was being raised high above the street the rope broke, and the body fell to the ground, but was immediately raised again and left hanging.

Early in the night, fearing violence, the sheriff secreted a number of heavily armed deputies in the jail, but these were soon overpowered, and the jail broken into with sledge hammers. Several prominent men made speeches endeavoring to dissuade the mob, but of no avail. There was no excitement and not a shot was fired.

Notices of Births, Marriages and Deaths which are inserted in the Daily Times also appear in the Semi-Weekly Times. 50c first insertion; 25c for each subsequent insertion.

LOST HIS LIFE

In Trying to Save Others From Drowning in Vernon Lake.

Huntsville, Ont., May 25.—William Spiers, son of Mr. John Spiers, of Chaffry Township, was drowned in Vernon Lake on Sunday. He was out on the lake in an old punt with his sister, a Miss Davis, and another young man named Booth, when the punt began to take water and suddenly sank. Spiers tried to save the lives of the girls and sank in doing so. The rest of the party got ashore with great difficulty.

THE ANNUITIES.

Many Applications For Government Being Made.

(Special Despatch to the Times.) Ottawa, Ont., May 25.—The revenue of the annuities branch of the Trade and Commerce Department, after five months' operation, has reached \$13,000, and is still growing. Applications in hand will double this amount. Annuities are being purchased by parties in all parts of Canada, including the Yukon.

Many applications have been received from parties in the United States, but the law does not allow the selling of annuities outside of Canada.

ROOSEVELT'S TRIP.

Ex-President and Son Delighted With the Expedition; Have No Press Agent in the Jungle With Them, He Says

Nairobi, British East Africa, May 25.—A staff correspondent of the Associated Press returned to Nairobi this morning after a two days' visit at the Roosevelt camp at the guest of Mr. Roosevelt. The camp was located in the Healy ranch, on the branch of the Nairobi river. Mr. Roosevelt and his son Kermit are in remarkably good health, and they are delighted with the success of their expedition.

Mr. Roosevelt is annoyed at certain special dispatches which it is reported are appearing in American or in English newspapers. He requests the Associated Press to send out the following statement:

"No newspaper has a representative with the Roosevelt party, nor any nearer means of gaining information of the party's doings beyond what is generally known. Any special dispatches appearing are in all human probability sheer inventions. Moreover the details which purport to be thus obtained can only be due to bribery, and it is safe to state that a dishonorable man giving a bribe and a dishonorable man accepting the same would be willing to invent untruth for money or traffic in other forms of dishonesty."
