TO SUBSCRIBERS

For several weeks the UNION ADVOCATE has been issued semi-weekly, thus giving subscribers having a good mail service one half the news of the week four days earlier than would be the case with a weekly.

CENSUS VS. REPRESENTATION

The probable result of the next census as announced by the Federal Board of Statistics places the Maritime Provinces in a very unsettled state as to their representation in the Dominion parliament.

The population of the eastern provinces did not increase in the same rates as that of the western provinces or Quebec and they are threatened with another reduction in their representation. The increase in the Maritime Provinces is figured at sixteen per cent, while the increase in Quebec has been twenty six per cent, twenty in Ontario and nearly one hundred per cent, in the West.

As the representation of the other provinces is based in the Province of Quebec, which has sixty four members

it is easy to figure out the probable result of the next census, unless the act governing this is amended. The Maritime Provinces will lose three members and the Western Provinces will gain ten or more.

This is how the next parliament will probably be made up:

Table with 2 columns: Province and Number of Members. Quebec: 65, 65; Ontario: 86, 81; Maritime Provinces: 25, 32; Western Provinces: 34, 44; Yukon: 221, 223.

The Sun of St. John recently stated with bitterness that the people of the Maritime Provinces contributed to the expenses of the publicity campaign made by the Interior department to attract settlers to the West and now it is demonstrated that their contributions have been to their disadvantage as by the great increase in population of the West and East loses its representation.

This matter was the subject of a long debate in the House of Commons after the last census returns were published. The members of Nova Scotia, New Brunswick and Prince Edward Island protested firmly against the dilution of their representation. At that time they asked for an amendment to the constitution but such was not granted, and the same predicament is again to be met.

Why is it that the eastern provinces are not holding their own with Quebec and the West. Is it because the local governments are not making efforts to promote our natural resources and induce immigrants to our shores? Are they doing all that is necessary to make the provinces 'down by the sea' as attractive as the West, or are they allowing matters to drift along. The natural wealth of the Maritime Provinces is beyond the comprehension of man, and are only being developed in a very small way.

We are convinced that if all the people would work in harmony the Maritime Provinces would soon have nothing to envy in the other provinces and that the Federal parliament would not find it necessary to reduce our representation. We should make these provinces the 'New England' of Canada.

A man who has kept count of the number of kisses exchanged with his wife since their union consents to its publication as follows: First year, 35, 50th; second year 16000; third year 3, 650; fourth year 120; fifth year 2. He then left off keeping the record.

At the coroner's inquest on the body of a woman who was drowned in a well the husband testified: 'I saw her when she leaned over the curb and tumble in and I was going to help her out, but just then I saw the cow among the eaves and I thought I'd drive her out first. Mary orter known nuff to hang on till I got there.'

One step won't take you very far—you've got to keep on walking; one word won't tell folks what you are—you've got to keep on talking; one inch won't make you very tall—you've got to keep on growing; one little 'ard' won't do it all—you've got to keep 'em goin'.

We owe it to the community in which we live to do everything we can in every way possible that will be to its advantage. Our neighbor's prosperity means a great deal more to us than someone's who lives elsewhere. We should bear this in mind in buying our goods. We can afford to pay our home man a firm price for his wares rather than send our money away, knowing as we do that every dollar our own citizen makes will help in sustaining our schools, churches and public institutions. It pays right to patronize home industry.

A woman went into a newspaper of fee and a word to advertise for her husband who had disappeared. When told that they charged two dollars an inch she went out saying it would break her up at that rate as her husband was over six feet long.

You don't have to go to war to be patriotic. Improve your health, up hold your town, enlarge its interests, and lend a hand to progress and you are a patriot—a lover of your country—as truly as the soldier who shoulders his musket.

DISCOVERY OF RICH COPPER ORE

Veteran Prospector Finds Valuable Mineral Deposits

Word has reached the town of what promises to be one of the richest finds in the mineral line ever reported in New Brunswick. In the wilds of Northumberland county, on the little Southwest Miramichi, Captain Simpson, a veteran miner and prospector, claims to have found veins of valuable copper, besides prospects of galena, iron and other metals.

Assays have already been made from surface ores and the results have been so promising that Capt. Simpson has already interested a number of prominent Miramichi capitalists in the project and a joint stock company will likely be formed to develop the possibilities of this district.

Captain Simpson has prospected under the burning skies of California, in the canons of Colorado and in the Canadian Rockies and since his arrival at the Miramichi has prosecuted his research with much vigor. He has succeeded in uncovering two veins of copper and samples brought out are said to resemble specimens of the ore from the rich Cobalt district.

Among those interested in the development of the promising areas are Lieut.-Governor Tweedie, Mr. W. B. Snowball, Mr. R. A. Lawlor, K. C., and Mr. James Robinson, ex-M. P.

Would You Provide for the Care of Canada's Needy Consumptives?

THEN SEND YOUR CONTRIBUTIONS TO THE MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES. MAIN BUILDING FOR PATIENTS.

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily—

John D. McNaughton, New Liskeard, Ont.: A young man not belonging here, and suffering from, it is believed, consumption, is being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The conditions where he is offer him no chance. Could he be admitted to your Free Hospital for Consumptives? If not, could you inform me where he can be sent, and what steps are necessary to secure prompt admittance? NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL BECAUSE OF HIS OR HER INABILITY TO PAY.

Since the hospital was opened in April, 1902, one thousand five hundred and twenty-four patients have been treated in this one institution, representing people from every province in the Dominion.

For the week ending November 20th, 1909, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a cent for their maintenance—absolutely free. The other twenty-nine paid from \$2.00 to \$4.00 a week. No one pays more than \$4.00. Suitable cases are admitted promptly on completion of application papers.

A GRATEFUL PATIENT

Norah P. Canham: Enclosed you will find receipt for my ticket from Gravenhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium ten months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say that I spent the time of my life while I was there.

TAKING THE CURE IN WINTER AT MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

The Muskoka Free Hospital for Consumptives is dependent on the good-will and gifts of the Canadian public. Money is urgently needed at the present time to make it possible to care for the large and increasing number of patients that are entering the institution.

Will you help? Where greater urgency? Truly, Canada's greatest charity.
