The late Liberal Provincial Government left behind them an unenviable reputation as administrators of the public trust committed to their keep ing, and left to their successors in office a legacy of debt appalling in its magnitude. Their conduct during their years of office, as well as the demoralized condition in which they left public affairs, plainly indicate that all their energies were exerted, not for the good of the Province, but to keep themselves in office. They have now been hurled from place and power, and buried in political oblivion, and a new and brighter political era has dawned for Prince Edward

Island. Hon. Mr. Mathieson and his associates are face to face with a serious problem; but we feel sure they are fully equal to the task. They are able, willing and anxious to take up the public business, and to bring order out of chaos. They may be dependedlupon to exert their best energies for the amelioration and uplifting of our beloved Province. From Premier Borden and his friends at Ottawa justice, a large measure of justice, may be expected. The promise has been given and we know it will be kept. Already we have in the car ferry matter the greatest boon that our Province has known, Those who have granted us this will be equally just to us in other directions. We feel, therefore, that we may confidently look forward to bright days for Prince Edward Island under the strong and energetic administration of Hon. Mr. Mathieson, which the people have so overwhelmingly endorsed at the polls. Heartiest congratulations to Premier Mathieson destination without change, and his associates in victory.

In support of his resolution Hon. Mr. St wart made an eloquent speech, pointing out the relief that would be afforded to our Province by the Government's project of a car ferry. Splendid Government Victory

Liberals Buried Under an Avalanche of Conservative Votes. - Only Two Opposition Candidates Emerged Alive from the Confict.

The general Provincial elections, on Wednesday last, resulted in the most splendid victory ever schieved by the Conservatives in this Province. The Liberals succeeded in electing only two of their candidates, and these with vanishing majorities as compared with the previous election. Mr. Richards, the newly appointed Liberal Leader, and his colleague, Mr. McWilliams, are all that is left of the Opposition. It was a grand day's work for Prince Edward Island, second only to the achievement for the whole of Canada on September 21st last. The weather on election day was ideal, and the electors turned out in force, silently and determined, and by their votes buried in political oblivion the party that had so long mismanaged the public affairs of this Province. The result by districts, allowing for some minor changes by special votes, is as follows:
