now make and galvanize their own wire. They have erected and equipped
 the most modern Wire Drawing and Galvanizing Plant in existence. The
 scientific Annealing Process guarantees us that the Wire is uniformly
 brought to the proper temper or pliancy, so that it is neither brittle nor
 soft; thoroughly cleansed, with a bright surface, the wire is given as heavy
 a coat of zinc as it is possible to retain, and still have a smooth surface;
 hence Frost Fence Wire is bound to last the longest, and therefore the
 cheapest wire made. Retail price on No. 9 coiled wire, 4c. per lb., or
 1,700 feet for \$4.00. Also Frost Woven-Wire fencing, Garden fencing,

SMASHING RECORDS!

BY the last steamer from Liverpool Messrs. T. A. MACNAB & CO.
 received a consignment of "CARR'S" ENGLISH BISCUITS, con-
 sisting of 29 large cases. This shipment is, by a very large
 margin, the biggest consignment of High-Grade Biscuits ever made to
 this country, and goes to show that the superior quality of "CARR'S"
 is being recognized by the public generally. Mr. Macnab while in
 England recently was in Carlisle and spent some time in the immense
 Factories where these famous Biscuits are made. Messrs. Carr & Co.
 are noted for their up-to-date methods in the manufacture and pack-
 ing of their Biscuits, selling a standard which their competitors
 vainly strive to reach.

SCHOOL SHOES.

SAY, POP! It seems as if all the Boys and
 Girls in our School are wearing
Sage & Wallace's Shoes, so
 many of them have on their shoes. Said they paid only \$1.50
 a pair for them. They are just dandies, and I am sure they
 will wear well, "cause all of Sage & Wallace's Shoes do,
 and I heard some of the Boys and Girls telling each other about
 the splendid Stout Sole Shoes that they got at Sage & Wallace's,
 said they sold them \$1.25 and \$1.35 per pair, and they're
 beauties too. This is the way the Children talk at home
 about our excellent **School Shoes.**
