WHY should I buy a roofing that needs to be painted every little while to keep it tight, when, for the same money or less, I can buy AMATITE which needs no painting?

The outer surface is composed of real mineral matter, which makes painting unnecessary. With an Amatite Roof on your building you end your roofing troubles. When you buy a roofing that requires frequent painting you begin them.

Smooth roofings that require painting are a nuisance and an expense. When you buy them, you buy trouble—not protection.

It is sold in England at 6s. and in the U.S. at \$1.00. Our special price is 50c. S. E. GARLAND, Leading Bookseller, 38, St. John's St.

PURITY FLOUR And Its Keeping Qualities SOME people find it necessary to buy a considerable quantity of flour at one time—sufficient to last for a long period. Naturally they are anxious to procure a flour of the kind best adapted to lengthy storage. There are two important reasons why PURITY FLOUR possesses these qualities. One is that it is made entirely from Manitoba Hard Wheat. The other lies in the fact that the careful milling necessary to produce "Purity" absolutely excludes all low-grade particles of the wheat berry. It's the high grade Manitoba Hard Wheat Flour that keeps—stands longest storage. That's "Purity." "Purity" flour may cost a little more, but is more than worth the difference. Try it. Watch results both for quality and yield. "More Bread and better Bread" WESTERN CANADA FLOUR MILLS CO., LIMITED Mills at Winnipeg, Guelph, and Brandon.
