

To Our Patrons

We are making a visit to the British Markets to personally select the Latest Fashions and Fabrics for the coming season, and hope to return in about four weeks with the best selection of Goods for High-Class Tailoring yet displayed in this city. During our absence our Genuine American Cutter, Mr. P. A. McCafferty, will attend to all orders entrusted to us with his customary courtesy and thorough attention to detail that characterizes all his work.

We also take this opportunity to tender our sincere thanks for the generous patronage we have received during the past year, and trust by strict attention to business to merit even a larger share the present year.

The Economy of "Paisley Flour"

—the sure raising powder—is so great that a 5 cent tin is sufficient for a pound of ordinary flour, a 22 cent tin for half a stone.

And do
you know

that by using Paisley Flour, cake making at home is very little trouble; also it is much cheaper than using cake mixtures.

A great advantage of home baking with

"Paisley Flour"
The SURE raising powder

is that you know what is in the cake—that all the ingredients are clean and sound.

Use one part Paisley Flour to eight parts ordinary flour.
