The Indication of Value

Plumbing is the Workmanship.

A good plumber can do wonders with a difficult job. The number of orders received from friends of customers leads us to believe that we are good. We have on hand a large stock of STEAM & HOT WATER RADIATORS, all sizes, and can fill any order sent us cheaper than you can import at the present time.

THE MAN

who makes the clothes is very important. Unless you go to a tailor who understands every detail of his business, and who has a fine appreciation of the good lines of a garment, you need not expect very excellent results. At this

ESTABLISHMENT

you will find the sort of work that is only turned out by men who are artists in their profession.
