PYORRHEA.
Of all the poisons taken into the blood, the germs and pus contributed by diseased gums (Pyorrhea) are the most destructive to the human system. If every third blood cell is forced to fight against numbers of germs to the cell, the blood cannot attend to the building up of the body, and it is bound to break down and eventually you are an invalid. Kidney, stomach, heart trouble, rheumatism and many other diseases are brought on by diseased gums and teeth.

Russian Bolsheviks Plan General Strike -- English Press Criticises Lloyd George -- Another Marine Tragedy--Holland May Not Surrender Ex-Kaiser.

BOLSHEVISM IN AMERICA.

WASHINGTON, Nov. 10.

Plans of the Union of Russian Workers to bring an overthrow of the Government through a general strike is revealed in documents seized in nation wide raids of Federal authorities Friday and Saturday nights and made public to-night by Assistant Attorney General Carvan. With the Government overthrown and everything wiped from the earth that is a reminder of the right of private ownership of property, the Russian Workers, according to their manifesto, looked forward to "the magnificent, beautiful form of man without God, without a master and free of authority." Documents and publications obtained in raids, officials said to-day, are of the most inflammatory nature and make no effort to conceal the Union's programme of destruction and the manner to achieve its ends. Much of the material made public to-night is of such a nature as to cause ordinarily any newspaper reprinting it to be barred from the mails.

THE PRESS GENERALLY

DISAGREES.

LONDON, Nov. 10.

Hint of an attempt to negotiate peace with the Bolsheviks in Russia in a speech from Premier Lloyd George, delivered at Guild Hall Saturday night, has created a stir here. Anti-Bolshevik press is indignant over the suggestion. The Daily Mail scolds the idea as shaking hands with a murderer and generally denounces the suggestion. Which it says caused great indignation in political circles. The Telegraph and the Morning Post are also hostile to the proposal. Referring to the passage of the speech dealing with the possibility of peace with Russia. The Chronicle, a special champion of the Premier, declares it is not free from obscurity.

A MARINE TRAGEDY.

HALIFAX, N.S., Nov. 11

Fifty-one members of the crew of the United States Shipping Board steamer Polarland, who took to their boats when their vessel, which had become disabled in a gale sank before any of the rescue ships summoned by S. O. S. messages had arrived, have not yet been picked up. The steamer Kanawha which had been in communication with the ill-starred Polarland before she foundered reached the scene of disaster late yesterday afternoon. An extended but futile search of the ocean in that vicinity was made but no trace of the lost crew, could be discovered and at eleven o'clock last night the Kanawha proceeded on her voyage to England. To-day search for Polarland's boats is being continued by the steamer Strathfillan and which is due to reach the spot shortly after noon. Ralph Penny of Trinity, Newfoundland is listed as being among the Polarland's crew.

BEYOND EXTRADITION.

THE HAGUE, Nov. 9.

Former Emperor William came to Holland a year ago next Monday. During this time there has been no demand officially or unofficially for his extradition or delivery to the Allies nor has Holland at all changed its viewpoint toward him. The Dutch Government has made up its mind as to its conduct in event of the surrender of Emperor William is asked for. No official statement has been made in this connection but it is learned that Holland considers the former Emperor beyond extradition as there is no possible way to hold him legally as a criminal.

BERLIN, Nov. 9.
