NOTICE TO FISHERMEN, LUMBERMEN and THE GENERAL PUBLIC:

I wish to announce that we have in our shop the only Vulcanizing Machine in Newfoundland, made for the sole purpose of vulcanizing soles and heels on rubbers and gaiters or any other part of same needing repairs. We do not do it in the old-fashioned way—by cementing the rubber on. We bake the new rubber into the old and put the design on the sole the same as when it left the factory. We guarantee our work and if not satisfactory, return and we will do it over. We also sharpen Hatchets, Axes and Butchers' Knives, also Skates sharpened and attached to boots. Give us a trial and be convinced. Outport work given strictest attention. Come in and see the machine working.

Yours truly,
J. M. MCKINLAY, Lime St., St. John's. nov29,121
