TALK OF TROUBLE AT JERUSA-LEM.

London, Oct. 2.-The Daily Graphic publishes a dispatch from Jerusalem under the date of Sept. 10, saying that Mgr. Izmirlian, former Armenian Patriarch, who was recently sent into exile, had arrived there, accompanied by military escort. The Mussulmans in the city, the dispatch says, were much excited. It was rumored that it was the intention of the Armenians to blow up the Mosque of Omar, and all the Ar menians were subjected to a search, which was conducted under the supervision of the police. The streets were patrolled by soldiers, and a strong force of guards was stationed about the mosque. The Christian inhabitants fear that a massacre is

about to occur. THE RELEASED PRISONERS. London, Oct. 2.-Right Hon. THE EASTERN QUESTION.

Conflicting Statements-Reports of Pacific Settlement.

London, Oct. 2.-The Evening News publishes a News Agency dispatch asserting that Great Britain has notified the powers that unless immediate and energetic action is taken by them to effect a settlement of the Turkish situation, England will act alone. No confirmation of this statement is obtainable.

The Vienna correspondent of the Daily Mail telegraphs that the powers have agreed upon a pacific settlement of the eastern question, which is honorable to all parties. He adds that the agreement amply guarantees the future security of the Armenians. A dispatch from Berlin says that the Russian Black sea fleet is cruising 45 miles northeast of the Bosphorus,

SENATOR SANFORD HEARD FROM Mr. Borden read a telegram from Hon. W. E. Sanford disclaiming the truth of the statement made by the Minister of Militia in the House that the Sanford Manufacturing Company had the absolute monopoly of the scarlet serge made in the Dominion. Mr. Borden said he willingly made the correction.

ANOTHER EXPOSURE. Two interesting discussions monopolized the attention of the members during the afternoon. The first was upon the recommendation of the de-bates committee to appoint three translators in the place of those who had been dismissed by the House for having taken an active part in the last election. It was brought to an interesting climax by Hon. Mr. Blair, who read to the House a letter of particular interest at this time when Opposition members are declaring against the injustice of dismissing Government employes without an investigation. When, in 1883, Sir Charles Tupper was Minister of Railways and Canals, he summarily dismissed a young man in receipt of a moderate income employed upon the Intercolonial because he had ventured to take part in an election. Some months afterwards Sir Charles Tupper wrote to the boy's father, Mr. Jas. Ryan, of Moncton, the following let-ter, dated April 7, 1883: "My dear sir, November and the 9th February, on the reason for his dismissal was that opposition to the Government at the last general election. This, as you may readily understand, no Government officer could be permitted to do,

MAJOR-GEN. CAMERON.

for commissions for investigating the affairs of the penitentiaries of Canada. Solicitor-General Fitzpatrick said in explanation that the daily average of risoners of the five Dominion penitentiaries was 1,256. There had been an increase in the expenditure on penitentiaries in three years of \$150,000. The per diem cost in the penitentiaries ranged from 68 cents to \$1 26, while the per diem cost in the Central Prison was 27 cents. The per capita cost per Asquith, who was Home Secretary in | year was: Kingston, \$357; St. Vincent Paul, \$234; British Columbia, \$424; Manitoba, \$541; while at the Central Prison it was \$99. These were facts which required investigation. Sir Hibbert Tupper denied the neces-

sity for an investigation. Mr. Fitzpatrick maintained that an investigation was necessary to ascertain how it was that under similar condition different results were attained. At Kingston the revenue from the binder Twine industry was \$34 28 per capita, while at Toronto it was \$62 18 per capita. In these figures there was food for reflection and cause for

inquiry. Mr. McGregor thought an inquiry would be valuable. In Detroit they had a house of correction containing 700 prisoners, which gave to the city \$36,000 last year, which was the balance earned in addition to the maintenance of the prisoners.

In the course of further discussion it was pointed out that the Prisoners' Aid Association had asked for a commission, and Mr. Fitzpatrick stated that it was the intention that the commission should consider prison reform as well. The cost of maintaining penitentiaries, he said, increased \$100,000 last year.

Upon an item for the customs, Mr. Penny asked the Controller of Customs whether the Government had decided upon anything with reference to a board of customs experts. Mr. Paterson replied that he would

inquire into the matter. The House adjourned after all supplementary estimates had been passed. It is said that the House will finish its work on Saturday night. NOTES Alexander Gunn, ex-M. P., has been appointed postmaster of Kingston. The Commons has cleared all private bills off its order paper.

Forty-eight hours ago Cedar Keys, Fla., was a thriving town of 1,500 in habitants. Today many of the people are corpses, scores of others are injured, and but few houses are left standing. Twenty corpses have been recovered—twelve whites and eight colored. The town is situated at the mouth of the Sewanee River on a number of small keys connected by a number of bridges. FATAL CLOUDBURST.

'A special from Benson, Arizona, says part of the town was washed away, and five persons drowned in a flood from a cloudburst in the Whitestone Mountains, 12 miles southwest of the town. The dead, whose bodies have been recovered, are: Wm. Seek, a barber, his wife and two children, and In the estimates was an item of \$3,000 Oscar Ashburn, a cattle man. Four more persons are missing. It is believed great loss of life and destruction of property will be reported from all along the San Pedro River, until it

empties into the Gila. The flood from the western end of the Whitestone Range tore out three miles of the Southern Pacific track, 12 miles west of Benson. A wall of water at least 12 miles long was poured into the San Pedro River, hence there is apprehension felt for the safety of the persons in the valley.

DEATH-DEALING FLOOD. A Staunton, Va., dispatch says: A lake at the Buckeye stock farm, south of the city, burst its banks, and, uniting with others, swept over at least half of Staunton, destroying 25 business houses. A two-story frame building, occupied by a family of colored people, was carried five hundred yards and dashed against a railway bridge, killing four of the inmates. The water flooded the electric light plant and gas works, leaving the town in total darkness. Five livery stables and wagon yards were destroyed, and many horses and mules drowned

THE McPHERSON FAILURE

Shows a Deficit of \$64,706 - Offer of Ten Cents on the Dollar.

Toronto, Oct. 2.-At the meeting of the creditors of J. McPherson & Co., held here on Wednesday, a deficit of \$64,706 63 was shown by the statement presented. There was a large attendance at the meeting, which was held at the Rossin House, and from the position of affairs it is not likely that the creditors will realize much from the estate. Mr. McPherson himself was present at the meeting. The liabilities are \$188,086 72, and assets \$123,380 09, leaving a deficit of \$64,-The indirect liabilities 706 63. amount to \$76,301, due to the Bank of Montreal, which is the heaviest creditor. A number of Toronto wholesale houses are also largely interested. Mr. Crerar, barrister, of Hamilton, on behalf, it is said, of a syndicate in that city, which proposes to take over the business, offered the creditors ten cents on the dollar cash. A number of the creditors were favorable to the acceptance of this offer, but the eastern creditors, who were represented by Mr. McIntosh, and the Bank of Montreal objected. They desired an examination to see what assets were really worth, and this is probably what will be done.

Ingersoll, Oct. 1 .- On the 26th of February last Mr. Joseph Jones presented at Mr. Aaron Christopher's office here a note for \$65, purporting to be signed by Mr. Arthur Hadcock, a farmer of Mount Eligin. The note was discounted, and on Saturday was protested. Mr. Hadcock, on shown the note, pronounced it a forgery. Mr. Christopher laid an information today against Mr. Jones, and in a few minutes after receiving the warrant Chief Skirving spotted Mr. Jones across the street, and he was immediately arrested. Mr. Jones acknowledged that he signed Mr. Hadcock's name, but says he did so with Mr. Hadcock's permission.
