GEN. MILES' VIEWS.

New York, Aug. 9.-Gen. Miles, dlscussing the Chinese situation, said that he regarded it as very serious. "China," he said, "is a bad country for troops to move through. Serious obstacles are to be encountered in forwarding munitions of war and general supplies. I see a force of 15,000 Chinese soldiers are reported to be within a day's march of Tien Tsin, so that it is possible that they will strike in the rear of the rear column and threaten its line of communication. It would be a serious matter were the column out off, as there is no supporting force to rush to its aid." He said the United States should be able to get 5,000 troops into China within a month.
