WONDERLY WINNING.

Otto Wonderly keeps adding to his excellent record. He is getting good mounts now, and is doing well. It is said that one of the largest horse owners in America is trying to get his signature to a contract for next year. He is riding for W. C. Whitehead at times, and this is giving him prestige.

A VALUABLE DOG.

Leamington Post: Mr. Bijou, a young pointer dog, bred at the Leamington Pointer Kennels, won second prize in an entry of 974 dogs at the Pan-American bench show, held in Buffalo Aug. 27 to 30, 1901. He promises to be fully as good in the field as he has proven himself to be on the bench, and his owner, Mrs. John W. G. Winnett, London, is justly proud in the possession of such a valuable dog. Mrs. Winnett, who is one of the most enthusiastic quail shooters, and the best lady shot in Ontario, spent a few days in this vicinity with Mr. Winnett last year. The owner of the Leamington Kennels wagered that the lady could not kill ten birds in one day, but she succeeded in bagging eighteen and thus won Mr. Bijou. It is hoped she will have many days of good sport shooting over her prize winner.

ST. ANDREW'S GUILD.

The officers elected for the ensuing year were: Honorary president, Rev. Robt. Johnston, D.D.; president, Mr. U. A. Buchner; first vice-president, Mr. A. G. Calder; second vice-president, Mr. John M. Gunn, B.A.; secretary, Mr. W. O. Carson; treasurer, Mr. W. Newton. The guild met the last Friday in each month. The executive will provide interesting and instructive programmes for each meeting, including many good debates by the members.

DISAPPEARED.

Edgar Down, a young man who taught school near Whalen, Usborne township, has mysteriously disappeared from that neighborhood, and his whereabouts has not been heard of since. His duties at the school, ended after the midsummer holidays, and he continued to teach up to Friday, Aug. 30. Before leaving the school, he was still missing. It was now evident that all was not right, and inquiries were at once made, but the whereabouts of the missing pedagogue is

KILBOURNE-EVANS.

An interesting and happy event took place Wednesday, at the residence of the bride's father, Charles Evans, 4th con. of Delaware, when his eldest daughter, Annie, was united in marriage to Anson Kilbourne, of Kilworth. The ceremony was performed in the drawing-room at 4 o'clock by Rev. R. S. McVitty, pastor of the Delaware Methodist Church, in the presence of about 30 invited guests, the immediate relatives of the contracting parties, the bride being given away by her father. The bride, handsomely gowned in white organdie and carrying a shower bouquet of white roses, was attended by her sister, Lillian, also attired in white organdie and carrying pink carnations. The groom was ably supported by Chas. Mackey. The happy March was played in a very pleasing manner by Mrs. Murray, of Cairnmore, cousin of the bride. The groom's present to the bride was a handsome watch set to the bride's maid an opal ring. After an elegant and sumptuous dejeuner, amidst showers of rice and good wishes, the happy couple left for the honeymoon at London for Buffalo, Toronto, Montreal and other points. On their return they will take up their residence near Kilbourne, where the young couple are most highly esteemed in the community, which the magnificent array of presents bore strong testimony.

A MOUNTAIN CLIMBER
Gains 12 Lbs. on Change of Food.

When a change in food can rebuild a man 77 years of age, it is evidence that there is some value in a knowledge that can discriminate in the selection of proper food to rebuild the body. A few months ago the physician attending Warren S. Johnson, of Colfax, Cal., 77 years old, told him that death from old age would soon claim him. He suffered from general weakness and debility.

An old lady advised him to quit Coffee and drink Postum Cereal Food. He took Postum every morning. He took the advice and has gained 12 pounds. Says he is as well as ever he was, and can take long trips in the mountains, which he has been unable to do for a long time.

There is reason for this; in the first place, coffee acts as a direct nerve destroyer on many highly organized people, both young and old, and many people have the knowledge to select nourishing, healthful, rebuilding food.

Both Postum Food Coffee and Grape-Nuts breakfast food are made from selected parts of the grain that contain delicate particles of phosphate of potash and albumen. These two elements combine in the human body to quickly rebuild the gray matter in the brain and in the never centers throughout the body.

Direct, sure and certain results come from their use and can be proved by any person that cares to make the trial. Both the Postum Food Coffee and Grape-Nuts are kept by all first-class grocers.
