When the Bowels Are Constipated

Health Cannot Be Good-Digestion and Other Bodily Functions Cannot Be Properly Performed-Dr. Chase's Kidney-Liver Pills.

The character of food, sedentary habits and neglecting the calls of nature may be set down as the usual causes of constipation. The accompanying derangements are indigestion, dyspepsia, stomach troubles, liver and kidney diseases and an endless amount of pain and suffering. Poisonous impurities, when left in the blood, are bound to find lodgment in some weak spot of the system, and the result is disease of the most deadly nature. It is a serious matter to neglect con stipation. You may do so for a time only to find that your health has bee undermined by bodily derangements of the most fatal kind. You should have a movement of the bowels every day. To accomplish this, avoid concentrated foods, use vegetables and fruits freely, and take one of Dr. Chase's Kidney-Liver Pills before retiring, two or three times a week, or oftener if re-

quired. Dr. Chase's Kidney-Liver Pills are not an ordinary cathartic. They have a specific and combined action on the kidneys, liver and bowels, and consequently cure constipation, and the accompanying derangements, thoroughly and well, by removing the causes. For the information of those who are not yet familiar with the peculiar merits of Dr. Chase's Kidney-Liver Pills, we might add that they are purely vegetable in composition, pleasant and natural in action and remarkably prompt and far-reaching in effect, even in the most serious and chronic cases of constipation, kidney and liver diseases.

Persons with weak kidneys are pe culiarly susceptible to sudden change of temperature, and for this reason need to be on a sharp lookout during the fall and winter seasons, lest the cold settles on these filtering organs and brings on Bright's disease of the kidneys, by far the most painful and fatal of diseases. Scores and hundreds of people make a practice of keeping Dr. Chase's Kidney-Liver Pills in the house, and take one whenever symptoms of constipation and kidney derangement make themselves known Scanty, high-colored urine, painful urination and pain in the back and limbs are the danger signals of kidney disease.

Whatever else you may neglect, do not overlook the importance of keeping the bowels, the kidneys and liver in healthful, vigorous action. There is no surer way of avoiding serious disease and prolonging life, and the evidence of the people of this country seems to prove conclusively that by

MUSIC AND DRAMA SLAUGHTER SALE OF CARPETS

The Telephone Girl at the Grand Opera House.

"The Telephone Girl," as presented

at the New Grand last night, compares more than favorably with the production first seen here, which was a thirdrate company, playing upon the reputation of the original aggregation. The present came heralded in a much less ing surprise. The audience last night found the first act a trifle slow, but has been subjected to several changes, most of which have proved to be for the best. Some vaudeville features have been introduced in the shape of Douglas and Ford's song and dance turn, Mabel Hite's Honolulu dance, and G. Austin Moore's negro and Dutch songs, all of them being favorably received. Frank Blair was excellent in the principal comedy part of Hans Nix, the German inspector whose unintelligible eccentricities of dialogue furnish much though his grotesqueness of make-up was rather over-accentuated, a fault which might also be found with Miss Laurel Atkins' rendering of the part of Mrs. Puffaway. Mabel Hite was ter than above, also with charming in the role of Estelle Coocoo, the telephone girl, her songs being an especially enjoyable feature. Rural roles were well done by John Marr and Alice Sansone, as Ebenezer and Samantha Fairfax, the unsophisticated parents of Beauty Fairfax, a part acceptably filled by Minnie Charlotte Stolle. Other parts were satisfactorily taken. The chorus girls were as presentable a lot as have accom-panied any show this year, and they threw any quantity of life and animation into their work. The action of the house management in reducing the prices to 75c and downward was much appreciated by the house's patrons, and if the policy is followed up it will result to mutual satisfaction of theater and public. -75c, \$1 and \$1 25-very

Harry Lindley at the London Opera House.

The return of the old-time favorite comedian, Harry Lindley, after an absence from this city of eight years, was marked by a good turn-out at the London Opera House last night, among those present being many old friends and admirers of Mr. Lindley. The play was a good farce comedy, depicting the trials and tribulations of a sporty husband who becomes entangled with a pretty circus girl, and who has to lie himself black in the face to escape serious complications with his motherin-law and wife, the principal role being taken by Mr. Lindley. The audience appeared well satisfied with the manner in which the play was presented. Enjoyable specialties were given between acts. For tonight the bill is "Struck Gas," and tomorrow afternoon "Little Lord Fauntleroy" will be given, with little Miss Mystic in the
