Careless Packing of Apples.

To the Editor of The Advertiser: In a recent issue of the Montreal Witness I noticed an article headed "Rotten Apples." It appears that some person in England had purchased two barrels of Spy apples of Canadian growing and packing, and both barrels turned out unsatisfactory, from being, as the writer said, rotten, and from

ed all Canadian apples and packers — a most unwise and unjust thing to do.
Blame is frequently placed upon growers and packers, for which they are not accountable. Certainly, there was a time when apples were put up in a very careless, and, I may, add, deceitful manner, and even yet, in some cases deceit may be practiced; but protecting her hands with gloves, filled since the fruit marks act was passed, its conditions are fairly well lived up to-at any rate there is an effort to

In many cases-in fact, in most cases-of complaint, the fruit is destroyed on the vessels in crossing the sea, by being placed in too hot a situation, without ventilation. I speak from experience. Once, in particular, I shipped a carload of apples from Ildernear London. They were winter varieties; I packed them myself, and they left in the very best of condition. They were only eighteen days on the road to Nottingham, England, and they arrived there in a wasty condition; did not realize more than the which acts in 24 hours without pain. carriage; in fact, they were almost

cooked on the boat.

are deceptive to handle. I would advise no person to plant Spys. As a rule now a large proportion of the apples packed in Canada are put up by sociations such as we have at Ilderton. A number of growers (here we have over thirty), join together, appoint five directors, as managers, and they within themselves appoint a presiapplauded, and our local newspapers dent, secretary, treasurer, manager, gave first-class notice to the lecture in is interested in the reputation of the association so they keep their barrels

dry, take to the orchard each day as many as are required for that day's in these imperial affairs, but these efforts have invariably been relegated to at night draw in all filled barrels on the waste paper basket. You see, the a stone boat, to the apple house, barn United States Will Have to Make Writer is not a B. A., only a common or shed. We engage our packers workman, son of John Bull, Esq., and (usually three gangs of three men in (usually three gangs of three men in how dare he poke his little nose into each gang), who pack for no persons these weighty questions that are of so but members. The growers desire to have good stuff rut up, as all are New York, Dec. 21.—Freer trade with Canada is being discussed in many circles

Some time ago I lectured in Queen's among the gangs, so that none put up demonstrate that the universal socialist bas muster every time and sell at a contract of the contract advance over what buyers of single orchards do or can afford to give, as a buyer can contract for the whole output from the directors. A merchant procity should be made by the United empire, human progress would be set apple buyer buys as best be can often by the orchard; he then gets the fruit picked as best he can, often by boys easily and too often shake the rest

> est it to get as many apples in the harrel as possible. In such cases is it Again, as associations are interestsulte

And, by the way, I had a costly ex-I was then carrying out the old adage, "locking the stable after the horse was stolen," but experience better late than never. I strongly advise the covering of horses, when spraying, even with a horse blanket, if nothing better, and if for no other reason as a preservation of the harness. Yours truly.
