

McKinley's Policy.

President Says the Flag Means Liberty Even in the Philippines.

With Peace Will Come Laws for the Protection of Life and Property.

Conquered Islands Invited to Be Happy Under the Stars and Stripes.

By Associated Press.
 Orange Grove, N. J., Aug. 25.—President McKinley addressed 12,000 persons in the Auditorium this afternoon. He was introduced by Bishop Fitzgerald, who said there is no conflict between the Stars and Stripes and the flag of the Cross, and that they float side by side for humanity, liberty and truth.

The President said: "Love of country is not inconsistent with religious faith. I believe that there is more love for our country and that more people love the flag than ever before. Whenever the flag is raised it stands not for despotism and oppression, but for liberty and humanity, and what that flag has done for us we want it to do for all people and all lands which by the fortunes of war have come within its jurisdiction."

"That flag does not mean one thing in the United States and another in Porto Rico and the Philippines. There has been doubt in some quarters respecting the policy of the government in the Philippines. I see no harm in stating it in this presence. First, peace; then, with charity for all, establish a government of law and order, protecting life and property, and occupation for the well-being of the people who will participate in it under the Stars and Stripes."

When the President finished the building shook with the intensity of the applause. When the tumult stopped the President said: "I have said more than I intended."

WILL HAVE SQUARE RACE.

Parties to America's Cup Contest Agree to Allow No Impediments.

London, Aug. 25.—Sir Thomas Lipton, owner of the Shamrock, interviewed today regarding the secrecy maintained about the Shamrock's build, said: "When the official measure does his work every detail will be known. It will be a square race. At the first attempt at impeding it, we will abandon the race and make a protest. Mr. Iselin is as determined as I am to have a clear course, if we have to start twenty times. I should have been glad to have Captain Parker and the crew of the Meteor, but doubtless Emperor William will consider it wise to withhold his consent. I leave to-morrow."

San Francisco, Aug. 25.—The California regiment landed from the transport Sherman to-day and marched to the Presidio. The troops landed at 7 o'clock and breakfasted at the ferry building, then they marched to the Presidio escorted by the Third Artillery, the Colorado regiment and the National Guard. Immense crowds lined the streets for miles and gave the soldiers a rousing welcome.

Dutch in All Colonies Arming for the Fray—Movement of Troops.

London, Aug. 25.—The Captown correspondent of the Daily Mail says: "Despite the virtual blockade of war material in Delagoa bay, the Cape government is sending enormous consignments of munitions of war to Bloemfontein. During the present month over 2,000,000 cartridges have been sent, and 600 rifles were despatched last night from Port Elizabeth to Cape Colony. In addition to these the Cape ministry, while absolutely declining to arm the volunteers of the colony, continues to afford other facilities to the Orange Free State to arm its burghers just across the border. The Cape government is also granting the use of the colonial railways for the distribution of cartridges from the Bloemfontein armaments to the border towns. The patience of the people is becoming exhausted, and unless the imperial government acts quickly and decidedly, the gravest danger may ensue to British prestige."

CARIBBO HOSTILE TO GOVERNMENT.

Complete Change of Sentiment Leaves the Semlin Ministry Friendless.

From Our Own Correspondent.
 Vancouver, Aug. 25.—Dr. F. S. Reynolds, proprietor of the Ashcroft Journal, said in an interview with a local paper to-day: "According to the best accounts the temper of the people of Cariboo has had a very decided change since the last provincial election. It is now a question of a dead-set opposition against the present government, and in the event of a general election, neither of the present members could possibly be returned. The Journal supported the present government, but when the election was over, the people's opinion has changed since. Mr. Helgesen's announcement of his resignation, and the fact that he has been told to leave the province, has been a great blow to the Semlin ministry. I have been told that it would be almost impossible for Mr. Helgesen to show himself in Barkerville at the present time, so decided is the feeling all through Cariboo against the general conduct of affairs."

his presence was connected with his duties. The fourth witness, Mr. Dubreuil, described himself as a young gentleman, proved most entertaining, and moreover, gave Labori the first opportunity of making a few points in favor of Dreyfus. Dubreuil, one of M. Quesada De Beaupaire's witnesses, told a gossiping story of meeting Dreyfus at the house of an acquaintance, Mr. Robson, in 1894, when Dreyfus was in London, and to have seen the latter conversing with a man described by the witness as a German attaché, which was dotted with flashes of unobscured humor, as when Dubreuil said he told his acquaintance that he could not frequent his house if a German attaché was there, and the acquaintance, it appears, replied, excusing the fact by saying that the German was not his, but his wife's friend. This caused general laughter in court, which became louder when Dubreuil later remarked he had no prejudice against Dreyfus for visiting his acquaintance, or for his acquaintance's wife, adding: "If every officer who is in love with his neighbor's wife is dismissed from the army, there would be very few left."

Labori took Dubreuil in hand and beautifully ascertained he only knew the attaché as a German attaché because he was told so, and he did not know whether he was a military or civil attaché. He did not even know the man's name. In fact the whole story was of the flimsiest description. Moreover, foreign military attachés would have had nothing to gain by cultivating the acquaintance of a simple lieutenant, as Dreyfus was.

Dreyfus, when he rose to reply to this witness, spoke in a quiet and convincing voice, denying that he had any relations with a German attaché, military or civil. Labori finished with Dubreuil by asking for the production of his record in law courts, which counsel hinted was discredited.

The prisoner was very indignant during Dubreuil's deposition, and once tried to interpose, but was not allowed to wave him down, telling him that he might reply when Dubreuil had finished, which he did as the witness uttered his concluding words, requesting an inquiry which many of the audience left the court.

M. Labori again distinguished himself in laying bare the weak points of the evidence. He was less severe, however, than yesterday, though quite aggressive enough to arouse the latent hostility of the judges, which showed itself in various little ways. M. Labori is no favorite with the jury, but his logic did not outrange him. He rose, sat down, and moved his body and limbs without much difficulty, but his looks did put his hand to his back, as though suffering pain. His wife followed his every movement through a joggernaut.

Madame Helgasen, the witness, was again an interested spectator in court to-day, especially when M. Labori was on his feet and his voice was vibrating through the hall. Her eyes were fixed on the features, across which flitted ever changing expressions of indignation, anger, with which she followed the proceedings. During one of the depositions M. Labori appeared to be in a state of nervousness, he put still in his seat, twitching about, shaking the papers in his hands. Counsel was almost too impatient to wait till the witness had concluded his deposition, so decided is the feeling all through Cariboo against the general conduct of affairs.

"What is your opinion, in the event of a general election?"

"I would cast 85 per cent. of the votes for the present government, and perhaps 5 per cent. for them. It would be simply impossible for them to be elected. The present government, in opposition to the present government, and anyone could beat either of the present members. There would be no doubt of that. The military is about the policy of the Hon. Mr. Home have been most unpopular, and I think you will find this all through the upper country."

RELIGIONS IN JAPAN.

Christianity "Advanced to the High Level" of the Formerly Authorized Teachings.

Vancouver, Aug. 25.—The Japanese consul, Mr. Shimizu, was interviewed to-day regarding an Associated Press despatch which intimated that Christianity had received a check in the Mikado's empire.

Mr. Shimizu said this despatch contained a wrong impression. In the distant past Japan would not tolerate a Christian religion at all. Ten years ago, however, the Japanese government, in elevating Christianity to the high plane of Buddhism and Shintoism, were officially recognized by the government, who required these religious
