

# Inclement Weather Brings Coughs, Colds and Catarrh.

Inclement weather begins when autumn ends. The great objection to our climate is that it alternates between the heat of the tropics and the rigors of the Arctic.

Congressman Horace G. Snover, of Port Austin, Mich., writes from House of Representatives, Washington, D. C. as follows:

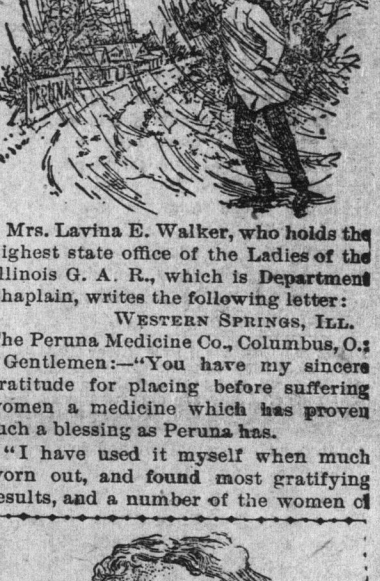

"I have found Peruna a very efficient and speedy remedy for a persistent and annoying cough resulting from catarrhal trouble."—Horace G. Snover.

President Wm. Uebelaker Uses Peruna as a Safeguard Against Inclement Weather.

Wm. Uebelaker, President of the Lake View Lodge of Foresters, writes from 837 North Clark St., Chicago, Ill., the following letter:

The Peruna Medicine Co., Columbus, O. Gentlemen:—For years past when I have been exposed to wet or inclement weather, my chest would hurt me and I would have serious indigestion, and I would be laid up for a day or two, causing inconvenience and pain.

Mrs. Lavina E. Walker, who holds the highest state office of the Ladies of the Illinois G. A. R., which is Department Chaplain, writes the following letter:

The Peruna Medicine Co., Columbus, O. Gentlemen:—You have my sincere gratitude for placing before suffering women a medicine which has proven such a blessing as Peruna has.

"I have used it myself when much worn out, and found most gratifying results, and a number of the women of our Order suffering with weakness peculiar to women, have been wonderfully helped and cured by Peruna."—Lavina E. Walker.

## Vancouver's Clean Sweep

Won the Three Rugby Matches at Oak Bay Yesterday.

## Garrison Protest Against Bad Treatment in the Terminal City.

Somewhere the sun is shining. Somewhere the people shout. But there is no joy in Middle. Mighty Casey has stunk out.

For Madville read "Victoria" and for "Mighty Casey" read "Victoria's" tri of Rugby teams. The three fifteens were beaten and it was a disappointed crowd of rooters who filed their backs from Oak Bay yesterday afternoon.

There were many explanations, and many "ifs," but they brought little consolation for the series of defeats and now it seems as if slide Victoria took from the apex of fame to the bitterness of defeat.

For the first time in seven seasons, the Victoria sevens by three tries—nine points—to nil. The Argonauts beat the intermedias by 3 to 0 and the Collegiate school lost by 5 to 0.

How did it happen? First and foremost the Vancouver forwards are strong in the scrum and the fact that they have practised together, while Victoria has not, was apparent.

The Vancouver back combination was better than that of the home team, and their forwards seemed to dribble better and were stronger in the scrum. They had a tendency to remain off-side and remained unpunished for this by referee Chamberlain.

It was Vancouver weather. In the morning the sun shone and towards afternoon there were several tantalizing spots of sunlight, before the rain fell, and fell not lightly.

The field was soon covered with slippery spots, the ball was as slippery as a greasy pig, and the downpour of rain did not tend to im-

prove the game. Again and again a player would end a run by sliding for yards, and throwing up a leg, so that he would be unable to get up. This was a new thing in the game, and the referee had to be called in to decide whether the player was to be allowed to get up or not.

Vancouver had a fine back in D. Marpole. He was always on deck when he was kicked safely. Pettigrew, while he played a very fair game, was unable to train properly.

The game was a very close one, and the referee had to be called in to decide whether the player was to be allowed to get up or not.

The game was a very close one, and the referee had to be called in to decide whether the player was to be allowed to get up or not.

relieve, for Pettigrew's kick from the 25 yard line, and the ball forced into touch. From their throw Victoria kicked down and Schwengers and Benbow worked the leather well into touch. Marshall's goal then, which forced the ball into touch about 40 yards out from the home goal.

It was not a fast game, neither was the play of the Argonauts or the home team above the average. The first half was played for the most part within the Victoria field, and after seven minutes they fell to the ground.

For the Argonauts (who showed themselves to have been in better form than the home team, which had not been seen, had not practised together as much as it should) Ellis, Brydone-Jack, Knight and Benbow were the main players.

Three to nothing. It was trying to the spirit of the home team, but they played a very close game. The referee turned the kick off, and H. Gillespie went into touch with the ball at the 40 yard line.

When Vancouver kicked off Pemberton sent the ball back, and Marpole with a good kick sent it into touch. The referee turned the kick off, and H. Gillespie went into touch with the ball at the 40 yard line.

When Vancouver kicked off Pemberton sent the ball back, and Marpole with a good kick sent it into touch. The referee turned the kick off, and H. Gillespie went into touch with the ball at the 40 yard line.

It looked like a draw with no points for either side, but when within two minutes of time, Robinson secured the ball and knowing he could not pass Marshall, tried the other wing.

## JUNIOR MATCH.

Vancouver's juniors, the Argonauts, defeated the Collegiate school with a score of five points to nil. The game was won in the last two minutes, Robinson succeeding in crossing the line.

The Argonauts (who showed themselves to have been in better form than the home team, which had not been seen, had not practised together as much as it should) Ellis, Brydone-Jack, Knight and Benbow were the main players.

# BABY'S OWN TABLETS

Every mother is naturally solicitous as to the health of her children, but not every one treats their little troubles in the right way.

The so-called soothing remedies are still used altogether too much, although physicians have preached against them for many years.

At the slightest sign of ill-health or disorders give the baby Baby's Own Tablets. This famous remedy, compounded from a prescription by Dr. Williams, is purely vegetable and contains no harmful ingredients.

Good for all Babies; Try Them for Your Baby.

For Nervousness indigestion, irritation accompanying the cutting of teeth, sour stomach, simple fevers, the results of croup, constipation, diarrhoea and other infantile troubles there can be no better remedy than this.

Druggists sell them, but if you cannot find them conveniently, send 25 cents, the price per box, direct to us and we will forward them prepaid.

The Dr. WILLIAMS MEDICINE CO. Brockville, Ont.

## INTERMEDIATE MATCH.

The Columbias and Boys' Brigade met at Beacon Hill yesterday afternoon in an Intermediate City League match, and after a hard struggle, honors were even, each side scoring one goal.

The state of the weather militated against competition play, and both points were made by the ball being kicked through the goal after a corner kick.

The officials and trustees are all well known men. Mr. Lockyer is president of the Great Northern Mining & Commercial company, having large Alaska placer mining interests.

Mr. L. B. Gray is well known throughout the mining camps of the Northwest as a successful mine operator, and as president of the Copper Bell Mining company of Idaho.

Messrs. Galbraith and Plants are the men who discovered the rich Texada gold lodes.

Dr. E. Oviatt is a wealthy and prominent business man in North Dakota.

## SUBMARINE EXPERIMENT.

Holland Boat Undergoing a Test of Fifteen Hours.

Catlogue, L. L. Nov. 23.—In order to demonstrate the length of time that a Holland submarine torpedo boat can remain below water and still support human life, the Fulton, with three officers and a crew of seven men was submerged in the harbor tonight, and will not come to the surface again until tomorrow morning, a period of 15 hours.

The test is the severest ever attempted and a large number of spectators assembled on the company's wharf tonight and watched the boat sink slowly beneath the water with her daring crew.

In order that there may be no evasion of the conditions of the test, and also to assist in any emergency, a watch was set on the company's wharf. The Fulton is the largest design of the Holland type of boat and, according to foreign and United States naval officers, have seen her workings, is a wonder.

At 7 o'clock the turret was closed and slowly the Fulton went under the surface with Lieut. Arthur MacArthur, U. S. Navy, in command. Besides this officer there were Rear Admiral John Love, U. S. N., Capt. Frank T. Cable, of the Holland Torpedo Boat company, and her crew of five men of the navy. The Fulton is submerged in 15 feet of water, giving her top six-foot depth under water. Those on board the craft will partake of supper at midnight, with breakfast at 6 tomorrow morning.

## CANADIAN SOLDIERS.

Westminster Man Reported Dangerously Wounded Near Krugersdorp.

Ottawa, Nov. 23.—There has evidently been some fighting at Krugersdorp, South Africa. The following cable was received at the militia department today: "Johannesburg, Nov. 21.—I regret to inform you that Major Wm. Sretter, South African constabulary, died of wounds at Krugersdorp on the 20th of November. The next of kin is his father, J. Sretter, 14 Cordigli street, Norwich, England. (Signed) High Commissioner."

Hon. Joseph Chamberlain cables as follows: "London, Nov. 22.—I regret to inform you that James Johnston is dangerously ill at Kimberley, November 17; father, Wm. Johnston, St. Mary's P. O., Ont.; brother, Zimlick, dangerously wounded near Krugersdorp, November 15. R. Zimlick, New Westminster, B. C. (Signed) Chamberlain."

Died at hospital—Oscar Olsen, a native of Sweden, aged 80 years, died at the Jubilee hospital on Friday. Notice of the funeral will be given later.

Housekeeper—I don't see why a big, able-bodied man like you should be begging for a living.

Tramp—To tell you the truth mam, folks is becoming so hard-hearted that a gent has got ter be an' obliged to beg without getting hurt.—New York Weekly.
