NEWSY ITEMS FROM NEARBY PLACES

Gathered by Graphic Correspondents.—Contributions to this Column are Solicited from every District of the Bay Chaleur.

ATHOL.

The members of the S. C. A. met on Tuesday last at the home of Mrs. A. B. Klippert, a most enjoyable evening being spent.

Miss McIntyre spent the week end at her home in Campbellton.

Mr. John Lytle of Millstream spent the week end at his home.

Prayer meeting was held on Thursday evening at the home of Mrs. Dan Veinotte.

Mr. Norman Brooks spent a few days at his home here last week.

Messrs. Drs. Murray and McPherson visited Athol last week and quite a number were vaccinated.

Mr. Percy Hoqueard left last week for Matapedia.

Mr. George Wilkins spent the week end at his home here.

Miss Mabel Salmon spent the week end at her home here.

Mr. Arthur Keeley of Halifax spent a few days at his home here last week.

Mr. Earl Cassey spent the week end in Campbellton.

Friends of Miss Sadie Salmon will be pleased to hear that she is improving rapidly after a somewhat serious illness.

JACQUET RIVER.

We are pleased to see a large number who have been confined to their homes from the effects of vaccination are around again.

Congratulations are in order to Mr. and Mrs. George W. Atkinson, whose stork deposited a baby boy recently.

Mr. John E. Hickie of the McMillan Company, who was home on sick leave for several days is back at his duties again.

Mr. John Lawlor Jr. was in Campbellton on business recently.

Miss Kate Haley who has been the guest of friends in St. Hilaire has returned to her home in Nash's Creek.

Mrs. Angus McMillan and her sister Miss E. Harvie have gone to Boston where they will be the guests of Mr. and Mrs. Hayward.

The many friends of Mrs. A. J. McMillan will bear with regret that she is confined to her home through illness, and wish her a speedy recovery.

Miss Cassie Miller has severed her connection with the staff of the McMillan Company's store to enjoy a prolonged vacation. Miss Miller will follow the fortunes of the McMillan Company from their original quarters which are now used as warehouses to the pretentious block they at present occupy, was a most popular member of the staff, and the many patrons will wish her every enjoyment of her well earned vacation.

It is reported a gentleman around town has been convicted for selling "hoaxes," this being the third offense. The trail was to have taken place on Tuesday, but on the preceding Sunday, the said gentleman departed hurriedly for reasons unknown.

The regular monthly meeting of the Women's Institute was held at the home of Mrs. W. R. Davis on Friday evening February, 8th, with a very good attendance, one new member, Miss Merle Tribes was added to the roll. The roll call was answered with a Valentine donation. The minutes of the previous meeting were then read and approved, following which the correspondence was read and discussed. The other business of the meeting was then dealt with. Receipts for bread and rolls were exchanged. The entertainment was in the form of a surprise, each member contributing some number as a surprise to the others. These were greatly enjoyed, being very instructing as well as laughable. Defaulters were fined 10 cents for the School Prize Fund. It was moved, seconded and unanimously carried that a resolution of condolence be sent Mr. and Mrs. W. R. McMillan, one of the members in her recent sad bereavement, the loss of her son Cadet Evan McMillan. Mrs. Davis furnished several excellent musical numbers.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of his little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

the winter and her death came as a shock to all.

She was loved and respected by all who knew her, always taking an active part in the interests of her church and parish.

The funeral took place on January 17th, the services being conducted by the Rev. S. R. Walters, at St. Luke's church.

She leaves to mourn her loss, three brothers and two sisters to whom we extend our heart-felt sympathy.

We are pleased to see Mr. James Mabe again after being confined to the house with pneumonia and pleurisy.

We are sorry to note that Mr. William Vibert is still confined to his room through illness.

Mrs. William Jean and children are visiting relatives in Perce.

We notice quite a number of visitors here recently, namely Mr. and Mrs. Thomas (Pond) and daughter of Matapedia; Mrs. Chas. Scott of Cape D'Espoir; Mr. and Mrs. Thos. MacCallum of L'Anse au Loup; and Mr. Dan. Ingaville of Barabois.

CONGRATULATIONS TO DR. AND MRS. J. R. BOILEAU OF NEW RICHMOND ON THE ARRIVAL OF A BABY BOY AT THEIR HOME FEBRUARY 7th.

Miss S. A. Walsh of Grand Cascapedia who has been visiting relatives and friends down the coast returned home Friday.

Mr. S. R. Fitzpatrick of Pennsylvania spent the week end with friends in Grand Cascapedia.

The many friends of Oubert Harrison of Grand Cascapedia will be pleased to learn of his good fortune in trapping a silver black fox.

Mr. Harrison has been quite successful in trapping foxes, having already this year succeeded in bagging a few red ones, and by his keen eyes and good judgment has become quite famous as a guide in the hunting season, by bringing his men into the game and within easy range, seldom if ever losing a shot on either moose or caribou.

JACQUET RIVER.

RED CROSS SOCIETY.

The local branch of the Canadian Red Cross Society received a communication from the Organizing President of the Province, Lady Tilley of St. John, stating that on instruction of the Provincial Board of Health, all work of this branch of the Society would be discontinued for the present, owing to the reported smallpox situation in the vicinity.

There will therefore be no more meetings or work at the rooms until further notice.

The following are the accounts since last publication:—

1917
Dec. 1st, to cash on hand \$113.38
Dec. 1st By Postage to date .58

Dec. 1st McMillan Co. Ltd. for supplies \$24.33
Dec. 1st, To W. R. Stevens, donation 2.00

1918.
Jan. 17th, to Mrs. R. L. Ellis fee 2.00
Jan. 30th, Misses McKay for supplies, 2.64
Jan. 30th, D. McAlister for supplies 36.32

Jan. 30th, McMillan Co. Ltd. for supplies 12.60
Feb. 7th, Postage to date 93 ¢
Feb. 7th, To Mrs. Winton fee 2.00
Feb. 7th, To T. Eaton Co. for supplies 15.68
Feb. 9th, To Mrs. Barclay fee 2.00
Feb. 9th, Cash on hand 28.40

\$121.38 \$121.38
The Society wishes to thank the following ladies for donations:—

Mrs. Murphy, 1 pillow; Miss Shannon, 1/2 doz. stretchers caps, and also the Society extends its thanks for work to: Mrs. Barbara Harvie, knitting; Mrs. M. Shannon, knitting; Mrs. Disbrow, sewing; Mrs. Miller, knitting; Mrs. Jas. M. Fivette, knitting; Miss Blanche Landry, sewing; Miss Ada Haley, knitting; Mrs. Pte. O'Reilly, knitting; Mrs. Corrier, knitting; Mrs. William Beattie, knitting.

MARIE C. SHANNON, Sec. tary.

Miss Young—You can't believe half a man says when he's in love.

Mrs. Wyse—That's easily accounted for, my dear. Half the time he doesn't know what he's saying.

"GASCARETS" WORK
WELLS YOU SLEEP

For Sick Headache, Sour Stomach, Stomach and Bowels—Take Gascarets tonight.

Purged Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Gascarets—to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Tired Nervous Mothers
Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. B. B. ZIELINSKA, 904 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KINKADE, 935 West Race Street, Portland, Ind.

Every Sick Woman Should Try
LYDIA E. PINKHAM'S VEGETABLE COMPOUND
LYDIA E. PINKHAM MEDICINE CO. LYNN, MASS.

PREPARE TO PROTECT YOUR CROPS NEXT SEASON.

Throughout the country there was a splendid response during 1917 to the call for increased agricultural production. Larger crops were raised on the farms, and city dwellers by the cultivation of gardens and vacant lots contributed greatly to the success of Canada's efforts to relieve the worldwide shortage. Greater production of food supplies than ever is required next year, for field crops are not only required to meet immediate human needs, but increased production of hogs, dairy products, and beef are dependent upon such crops.

The production of maximum crops demands constant watchfulness and effort on the part of the farmer, fruit-grower, and vacant lot cultivator in order that such crops may be protected from the numerous pests that attack them. We repeat: "Crop protection means crop production." Insect pests destroy annually from 10 to 25 per cent of all crops grown. The total loss to the country is enormous; if we express aggregate loss inflicted annually by insect pests to the field crops of Canada in terms of what we find that the total loss is sufficient to feed the entire population of the country for one year. Much of that loss can be prevented by their ravages next season, incumbent upon us to take every means to prevent it. Insects can be as effective as enemy submarines in destroying food supplies. Like submarines, they are insidious in their operations. They must be sought out and destroyed.

Now is the time to make preparations for next year's offensive. To be prepared is half the battle. Lack of foresight and due preparation means disappointment and loss. The greater cost of production and the greater need of more crops makes crop protection all the more necessary. Utilize the present quiet season to make plans for next year's campaign. According to the crops that are grown and the insects that occur in your district make preparations now for preventing their ravages next season.

Owing to the sudden demand during the period when insects were active last summer for insecticides such as lead arsenate, and Paris green, a serious shortage occurred in many places, with consequent higher prices. This can be avoided if growers will obtain their requirements before spring. Insecticides are the growers' ammunition, ample supplies of which are necessary to a successful offensive. Fruit-growers should now determine their requirements and take steps to meet them. Growers of potatoes and other field crops subject to insect attack should obtain supplies of the standard insecticides to meet their needs: arsenicals for insects such as grasshoppers, potato-beetles, cutworms, and other caterpillars that devour the foliage; contact insecticides such as whale-oil soap and nicotine preparations for such insects as plant lice or aphids. All spraying machinery should be thoroughly overhauled, cleaned, and oiled in readiness for use when required in the spring, as the spring is a busy time for the grower. Such timely preparation will mean not only the saving of time—an important matter when labour is scarce—but it will mean the saving of crops, for a few days' delay in applying preventive or control measures will frequently result in serious losses from insect pests.

Stamped!

Baybelle—Someone Bonaparte commended the armies of France now—what would he do—

Sapley—I have no idea, in fact, I hardly know what I would do myself.
