VOWED VENGEANCE IN THE DOCK

Burglar Marshall Sentenced to Five Years Imprisonment at Kingston.

Chancellor Boyd yesterday sentenced William Marshall, one of the men who burglarised the store of James Barnes at Toronto Junction, to five years in Kingston Penitentiary. His Lordship remarked that if the jury had not recommended him to mercy and had not declared he used no weapon, his sentence would have been ten years. He added, "I would not have come to the same conclusion as the jury. The sympathy of the jury in your case may have gone too far."

Marshall left the dock muttering vengeance.

SINNED AND WAS SORRY.

And the Magistrate Took a Lenient View of Her Case.

Agnes Kane, aged 17, whose parents live in the Township of Otonabee, near Peterboro, pleaded guilty at the Police Court yesterday to stealing a pair of gloves and a $60 diamond brooch from Miss Minnie Raine, 254 Jarvis-street. The girl had secured employment with Miss Raine as a domestic, but stole the things before she had been in the house half a day. Her sister was in court, and promised the Magistrate that she would send Agnes home if he allowed her to go on suspended sentence. She was accordingly released on her own bail.

Mail Robber Captured.

Sault Ste. Marie, Ont., Nov. 14. — A young Frenchman named De Geux was arrested here on Monday charged with rifling mail bags at Winnipeg.

Attorney-General Sifton of Winnipeg wired on Saturday to Provincial Constable Rush at Sault Ste. Marie of the robbery of the mail bags and the flight of the supposed culprit eastward. Mr. Rush watched the trains and boats, and on Monday his vigilance was rewarded by the capture of De Geux, who acknowledged he was a mail carrier in Manitoba. The prisoner was removed from the C.P. R. steamer and lodged in jail, where he was searched, and $50 in cash and a well stocked valise filled with new clothes were taken from him. An officer arrived at the Sault yesterday, and will take the prisoner back to Winnipeg by first steamer.

Strychnine Removed.

Was blood poisoned with strychnine 25 years ago? Many attempts by skilled physicians failed to arrest the ravages of the horrid life-destroyer. One year ago tried St. Leon Mineral Water, took copious draughts, which cleared my system of the deadly poison. It has also raised me to a higher state of health, strength and enjoyment of life than I have ever before experienced. No money consideration could equal its value to me. I prize St. Leon above everything. H. W. Lockwood, Westport, Ont. 36

Toronto Liberal-Conservative Association.

The annual meeting of the Liberal-Conservative Association was held last evening, when these officers were re-elected:

Sir John Thompson, hon. president; W. R. Brock, president; W. D. Macpherson, vice-president; Edmund Bristol, secretary-treasurer H. A. E. Kent, chairman of the executive.

Messrs. Stott & Jury, Chemists, Bowmanville write: "We would direct attention to Northrop & Lyman's Vegetable Discovery, which is giving perfect satisfaction to our numerous customers. All the preparations manufactured by this well-known house are among the most reliable in the market."

Alleged Shortage of $300.

The case of George Streeter, ex-secretary of the Toronto Railway Union, charged with fraud, was yesterday adjourned for a week. Crown Attorney Curry states that an audit of Streeter's books shows a deficiency of $300.

Plain Facts.

Tips From Wall-Street.

The market closed heavy.

Cammack was a large seller of stocks to-day.

Manhattan was specially weak to-day, selling down to 104 3-4.

Bears sold Burlington on belief that dividend will be reduced.

Henry A. King & Co.'s special wire from Ladenburg, Thalman & Co., New York: The effects of the bond issue on the general financial and speculative situation will no doubt be favorable, but for the moment the market seemed to have discounted them. It was heavy during the morning and early afternoon and was subjected to more or less bear hammering, particularly on Sugar and Burlington. The decline in Sugar has been so rapid that a rally was due, particularly as a good-sized short interest had been created in it. At the same time the outlook is not favorable for the stock and its decline to a still lower level seems probable in view of the fact that when Congress meets an adverse spirit to the company is likely to make itself felt. Burlington was attacked on fears that the dividend will be reduced, and Manhattan showed weakness, not only on the unfavorable annual report, but on rumor that probably the most influential member of the board has decided to retire.

At the close of the day the general market was dull, the continued weakness of Sugar exercising a depressing influence on prices generally.

Advances made on Life Insurance Policies.

Schwartz, Dupee & Co., Chicago, wired Dixon: Wheat to-day advanced over a cent and closed strong, notwithstanding yesterday's decline on this side. Liverpool came surprisingly strong. News of Argentine crop was less favorable, as influential as all the others together; there was a decrease in the world's visible of almost 500,000 bushels. The trade was increased and the market noticeably broadened. There was no leadership, but the market did not miss it. Export clearances were small, less than 200,000 bushels. The cash business here was inconsequential and altogether in spring wheat calls showed almost a cent profit. Corn felt the strength of wheat. The nearby deliveries were particularly strong, advancing about 3-4c. The May moved up 1-2c. December got to a premium over May of almost 1-2 cent, and closed 3-8 cent over. Mild weather with the prospect of more rain before long disturbed December shorts. Towards the close a rally in provisions was caused by the covering of the pit traders, who sold so freely on the early weakness. We regard the market a good sale on the hard spots.

Henry A. King & Co.'s special wire from Logan & Co., Chicago: We have had a strong wheat market from opening until the close. The Bradstreet statement of a decrease of 472,000, against an increase of 5,000,000 bushels one year ago helped the advance from 60 1-2. The true strength of the wheat position is the absence of receipts at the interior points in the winter wheat belt and the demand for flour for export and domestic wants. The unseen and unknown quantity fed, had it been exported, would have given us, not a four cent advance, but a 14-cent advance. At present the United Kingdom are sailing almost under bare poles, and near port to draw from for her immediate wants, outside of New York, Baltimore and New Orleans. There may be a setback to this advance. No doubt it will come from some point, although we cannot at this writing see it near at hand. However, experience of the past has educated some, who are considered wise in their day and generation, to take profits, and on all sudden advances it looks prudent to do so.

Corn—The advance in wheat has given more tone to corn pit. May opened at 50 1-4c, and on very little buying it advanced to 50 5-8c, December leading the advance, which sold at 51 1-8c. The activity in wheat has taken largely from the corn the speculative interest, but with a hay crop 25 per cent. short of an average we think it will all be back some day and may be ere very many days go past. The cash demand for it is good at an advance of a good half-cent over yesterday.

The heavy receipts of hogs are being felt in the provision pit. There is some disposition shown on the part of the packing interest to buy the product on soft spots. We feel friendly toward provisions around present prices.
