

## TO THE ELECTORS Of The Riding of East Lambton

LADIES AND GENTLEMEN,—

At a recent convention of the Liberal Conservatives of this riding, held at Watford, at which Sir William Hearst was present, I was the unanimous choice as the standard bearer for the Conservative party in the coming provincial election to be held on the 20th instant.

I have had the honor of representing you in the Legislative Assembly since June 1914 and during that time I have endeavored in every way to advance the best interests of Lambton County.

I have always felt that when a member is elected he should forget his politics and in every way work for the interests of his riding, this I have tried to do, and if my work has met with your approval I ask you to give me your support in the coming election.

We have just passed through five years of war and discontent, and during that time there has not been one breath of scandal against the Ontario Government, of which Sir William Hearst is the head. Sir William has done his work nobly and well and with two sons at the front, he has not been without his worries.

I think I can safely say without boasting, that I have accomplished more for Lambton county during the past five years than has ever been done before. I have secured for you an annual grant of \$350.00 for your own show, and this in itself has advertised Lambton county as it has not been advertised before. As a result of this grant our farmers now have a market for their seed corn as far north as Simcoe county and as far east as Leeds. I have also secured for you an annual grant for a fruit and vegetable show amounting to \$250.00, this I secured four years ago, but owing to the failure of the fruit for the past two years only one show has been held, that in the city of Sarnia, I hope to reorganize this show this year in the northern part of the county. I have also had the Sydenham river stocked with small

mouthed black bass fingerlings and expect to have the southern part of the stream stocked with pickerel next year.

I have also arranged with the Department of Agriculture for a grant of \$1500.00 for the erection of a winter fair building at Petrolia for a corn show, poultry show, fruit and vegetable show, and dispersion sale of pure bred live stock, this means a week's fair at the town of Petrolia.

Having accomplished this much for the county, I feel that I have very good reasons for asking for your support in the coming contest.

As to the Ontario Temperance Act. I was one of the first members of the house to support it. I believe it was a wise measure, and if elected, I shall support it again as I have done in the past.

Yours very truly,  
J. B. MARTYN.

### RHEUMATIC PEOPLE

Can Only Find Relief by Enriching the Blood.

Rheumatism is a disorder of the blood. It attacks people when the blood is overcharged with acid and impurities, thus setting up inflammation in the muscles and joints. Wet weather or cold weather of autumn may start the tortures of rheumatism, but is not the cause. The cause is in the blood and the blood only. Victims of this malady have every reason to fear the first dull ache in the limbs and joints, followed by sharp pains through the flesh and muscles; these are the symptoms of poison in the blood which may shortly leave the victim pain-racked and helpless.

There is only one way to cure rheumatism, and that is through the blood. Liniments, hot applications, and rubbing may give temporary ease, but cannot possibly root the trouble out of the system. That can only be done by the rich, red blood which Dr. Williams' Pink Pills actually make. This new blood drives out the poisonous acids and impurities, and the rheumatism disappears. If you are a sufferer from this painful malady begin curing yourself to-day by the use of Dr. Williams' Pink Pills, and see how soon the pains and stiffness of the joints fade away, leaving behind new energy and new health.

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### WATFORD COUNCIL.

### DIMITY AND DOTTED SWISS

Fabric Used for Blouses Which Give Most Pleasing Effect—Handkerchief Linens Used.

Dimity and dotted swiss blouses are made up in smartly tailored waists which button up to the chin and have long sleeves and tight-fitting cuffs. So many women like this sort of waist for morning wear and for sports that it is a delight to find it in these two such cool and fresh materials.

The organdie waist, which was brought out some seasons ago, never really caught on, though it was attractive in the rather vivid shades of blue, rose and canary. The organdie being so transparent, though so delightfully crisp, it looked particularly refreshing. Blouses made of it seemed practically two, as the smoothest fitting and most perfect of linings only underneath could be permitted.

It is the handkerchief linens which have supplanted these transparent beauties, and the linen lends all the charm of color which the crisp organdies presented. Many of the white linen waists have touches of color, as for instance in one smart model which has three stripes of color, one below the other and on each shoulder, these forming a sort of yoke. Very narrow frills finish the little yoke at the shoulders and trim the shallow, round collar and small cuffs.

### Smocks for Girls.

The pretty little cotton smocks and frocks worn by Miss Eight-Year-Old are made smart with cross-stitching or something in brightly contrasting wool. Pale green cotton crepe de chine, for example, is trimmed with stitches of rose wool. All kinds of wool dresses have oriental effects done in coarse stitches on the pockets, collars or sash ends. Wool embroidery many times ornaments the frock, about the neck, as a substitute for the white collar worn formerly.

A man at Milwaukee ninety-two years old has applied for a divorce. Another case of the first hundred years being the worst.

## To the Voter

TO establish that the 2.51% beer to be voted on—the “Beer of the Ballot”—is not intoxicating, The Ontario Brewers' Association deposited \$5,000 with the Canada Permanent Trust Company on September 16th.

On September 19th, The Ontario Brewers' Association formally challenged the Referendum Committee through the Press to deposit an equal amount with the same Trust Company to support their contention that this beer is intoxicating.

That challenge has never been accepted—clear admittance by the Referendum Committee they do not consider that they have a case. It is too late now to make the tests and render a decision before the day of voting—October 20th—but the failure of the Referendum Committee to answer our challenge will not be overlooked by the man or woman who votes on facts and evidence, and not on sentiment or false statements.

We again assert that 2.51% beer—“The Beer of the Ballot”—is not intoxicating. Tests have only recently been made which prove this conclusively—we will mail a copy of the test to anyone sufficiently interested to write for it.

Moreover, while the “Beer of the Ballot” has an alcoholic strength of but 2.51%, official tests made by the laboratory of the Inland Revenue Department—published in Bulletin 196—showed that the beers on general sale before The Ontario Temperance Act and Prohibition were enacted, had an alcoholic content ranging as high as 7.33% by weight measure—practically three times as strong as the beer to be voted on October 20th. Even such American beers as were sold in Canada and always spoken of as “very light, non-intoxicating beers,” were over fifty per cent. stronger than the “Beer of the Ballot.”

The “Beer of the Ballot” is a mildly stimulating, healthful and refreshing beverage, brewed from a high grade of malt and hops—containing only sufficient alcohol to make it digestible and nourishing.
