

# BROWN'S IMPROVED PATENT HAY-LOADER

—MANUFACTURED BY—  
**JOHN RUSSELL & CO., OF INGERSOLL, ONT.**

We have manufactured this machine now for several years, and have made some minor alterations, at the suggestion of our customers, till at the present time it is in every respect a **PERFECT HAY-LOADER** as the testimony of hundreds of farmers who have bought them can prove. It is equally useful for loose barley as well as hay, and wherever used has given every satisfaction. Attached to the back of an ordinary wagon, as in cut, it will, without extra horse power, load hay or loose grain faster than two men can load, and it is undoubtedly as we claim "**THE GREATEST LABOR SAVING MACHINE**" OF THE AGE. We also manufacture and sell **HAY TEDDERS, REAPERS, MOWERS, SAWING MACHINES, HORSE POWERS, GRAIN CRUSHERS,** etc., etc. We have responsible Agents in many parts of the country, and are open to engage first class men as Agents where not at present represented. For prices and Testimonials apply to

### DARK BRAHMAS

At the late Provincial poultry show at Guelph my stock again added to their previously won laurels, winning 4 prizes in five entries in very strong competition. My yards this season contain ten birds in all, six of which have won first prizes, three second prizes, and one never exhibited. My stock is certainly unsurpassed, and I do not think equaled in the Dominion. Eggs for hatching, \$3.00 per 13

### PLYMOUTH ROCKS.

I have a small yard of selected Plymouth Rocks, and can spare a few eggs at \$2 per 13.  
 I am also agent for the **NEW MODEL INCUBATOR**, a marvel of simplicity and economy. Price, 50 egg capacity, \$13; 100 eggs, \$21.

J. W. BARTLETT, Lambeth, Ont.

**JAMES TAYLOR, GUELPH,**  
**STOCK AGENT AND AUCTIONEER.**

Stock sales attended at any place in the Dominion at reasonable terms. Sales can be arranged by letter to *Mercury* office, Guelph, or to Silver Creek Farm, Mossborough P. O., Co. Wellington. Have conducted the extensive and valuable public sales of the Ontario Experimental Farm for several years to the high satisfaction of the country and the government.
