Special Prizes offered by Jas. Little, Esq.	
Best Copy Book, written by Pupils of a Public School who have attended school not less than 4 months in 1878	\$ 2 00
2nd do do	1 00

Our correspondence shows that the Ellesmere Pigs raised in the Province are turning out better than those imported. Mr. Hlyson, Mahone Bay, writes that his boar from Fairy Princess is spoken of by every person who has seen him as the best pig they ever saw, as to build, &c. He intended to sell him, but has been prevailed upon by his neighbors to keep him. A small sow of the common breed, served for the first time by Mr. Hlyson's boar, has now a litter of ten pigs, all doing and looking well.

Mr. John B. Jackson, P. M., Jacksonville, Cape Breton, writes that he is keeping the Ellesmere sow purchased from the North Sydney Society for the purpose of raising thorough-bred stock as he has a very fine Ellesmere boar bought at the Exhibition of 1876, which has proved to be a very superior animal. He has a litter from a grade Chester sow, served by the Ellesmere boar, which, when four weeks old, some of them weighed 22 lbs., good weight for winter pigs.

We regret to learn that, owing to a somewhat serious illness, Colonel Laurie is unable to mature his arrangements, or prepare the catalogue, for the proposed sale of Thorough-bred Devons, announced to take place at Oakfield, in April. He still hopes, however, that he will be able to hold the sale about the end of April. Catalogues and particulars will be published as early as practicable.

It is intended to offer for sale a number of Bulls, Cows, Heifers in Calf, and Yearlings. Most of these have taken prizes at the various Exhibitions, in fact, Col. L. is offering for sale most of his first prize cattle, as he wishes to see a larger competition in Devons, at the Provincial Exhibitions, and will give his competitors the opportunity of purchasing the imported cattle, and will carry on the competition with those he has himself raised.

AN Ouslow "FARMER" correspondent of the *Colechester Sun* suggests that the Entry Book for the approaching Provincial Exhibition should not be open to the inspection of exhibitors or committee men, and that the Secretary should be required not to divulge the names or number of entries for prizes. There is no doubt but that information as to the early entries for prizes has been used, in former years, to regulate the entries of late and cautious exhibitors, and the competitions have been affected in this way. We do not refer specially to any particular Provincial Exhibition, but we know that at the Halifax Exhibitions persons used to come to the office, ostensibly to make entries, but obviously for the purpose of looking over the clerk's shoulder upon the pages of the Entry Book. We think it but right to make this frank statement for the information of the Colechester Committee; if not new to them it may act as a reminder.

THE Cape Negro Agricultural Society, Port Latour, have sent an application for permission to expend some of their funds in the purchase of a stumping machine, and other necessary agricultural implements, which will be laid before next meeting of the Executive Committee of the Board of Agriculture.

THE Halifax County Agricultural Society have sold their Ayrshire bull YOUNG ROYALTY, to the Millbrook Agricultural Society in Pictou County. The Secretary writes:—"Young Royalty arrived all right. We are highly pleased with the animal."

MR. J. W. MARGESON, of Cornwallis, has sold the Short-Horn Bull "Brot-wakla," to the Annapolis Agricultural Society.
