

MONTREAL MINING EXCHANGE.

MARKET STILL CONTINUES WEAK — NO ENCOURAGEMENT CAN BE HELD OUT AT PRESENT — REPUBLIC SELLING AT 90 — DECCA 8½.

Montreal, Feb. 7.

To a great extent we had a repetition of yesterday's market. All through the list the tendency is lower, and it is not to be wondered at. War Eagle on the Montreal Stock Exchange sold well down in the 150's, although it recovered to a certain extent on the last call. The feeling, however, remains unaltered, and is still one of intense disappointment and disapproval.

The general slump in War Eagle has had its effect on other stocks, both Payne and Republic are weaker to-day and are liable to be weaker yet, in many cases it is a case of forced liquidation, and in other cases one of nervousness, this is also apparent amongst the buyers who hold off hoping to get it cheaper yet.

Republic sold to the amount of 1000 shares at 20 cents, 85 being the best bid at the close. There were no sales in War Eagle or Payne, the latter was offered at 98½, buyers willing to give 88.

Montreal-London was quite active, selling repeatedly between 26 and 25, 4500 shares changing hands. It was quite steady between these prices, buyers offering 25½ at the close, the stock being offered at 26.

The recent strike in the North Star is even of more importance than at first reported. The new ore body is ten feet thick and covers an area of 150 feet by 120 feet, and largely increases the amount of ore in sight.

Decca sold to the amount of 1000 at 8½.

Slocan Sovereign was active, selling at 24½ and 24, 2000 shares changing hands in small blocks.

Golden Star was weaker, although no sales were recorded, and Deer Trail Cons. was freely offered at 10 cents.

The Black Tail mine about which there has been some enquiry of late, is proving itself to be one of the big mines of the camp. The ore at present in sight should make the mine an early dividend payer as soon as the camp has been supplied with milling facilities.
