THE NEW 32-Calibre Winchester

The 32-Calibre Winchester, long offered for the first time is intended to meet a large and growing demand for a repeater of small calibre. It is a modification of the model of 1873, using the same frame, or receiver, but with a lighter barrel, and magazine of smaller diameter. It is considerably lighter than the Model of 1873, and is designed for small game at short ranges, and will be found to be most accurate small-bore rifle in the market; especially valuable for hunting squirrels, grouse, etc. The standard length of barrel is 24 inches. All the guns of this calibre will be made with rifle butt stock with solid butt piece and with the cleaning rod easily put in the stock. Light and extra strong as Model 1873. The cartridge used with this rifle contains 20 grains of powder and 1/2 grain of lead. In the desiring to inspect these goods before purchase, inquire for a circular by sending us \$1. We will give you a circular. If not satisfactory you have the privilege of returning it. If the \$1 more than cover express charges, we will remit you the difference and this will apply to all goods in our catalogue. Send 6 cents for our 64-page catalogue, containing over 100 illustrations of Firearms, Watches, Jewellery, Silverware, etc.

SUTHERLAND'S RHEUMATINE THE GREAT CURE FOR RHEUMATISM

And all complaints of a Rheumatic nature. RHEUMATINE is not a sovereign remedy for "all the ills that flesh is heir to," but for NEURALGIA, SCIATICA, RHEUMATISM, and complaints of a Rheumatic nature. IT IS A SURE CURE. Letter from Mrs. M. Webster, of Guelph, Mother of the late Registrar of the County of Wellington and Wife of the former Registrar of Guelph.

350 WOOLWICH STREET, GUELPH, February 28, 1882. My DEAR Mr. SUTHERLAND--I have had so many people applying to me for particulars of your famous medicine "Rheumatine," that I thought I would write and ask you particulars about it. My son Robert, in Ceylon, hearing of the wonderful relief it has given my daughter Ada, wrote asking if you had an agency in the East, or in England?

Would you kindly write to me at your leisure, and tell me all about it, so that I may communicate with my son, and give information to people inquiring for the fact of my daughter's severe illness, and complete cure, has gone far and wide. We followed the directions on the bottles to the letter. By the time she had finished the second bottle, all pains had left her, she slept well and had a good appetite, and found her strength coming back, but she took the third, so as to complete the cure. She has not suffered at all since from rheumatism, although we have had a changeable, trying winter. I am glad we will now be able to get it in our own city, as Mr. Petrie told me he had sent for some. I remain yours, Very truly, M. WEBSTER.

Sold by all druggists and Wholesale and Retail by The Rheumatine Manufacturing Co., No. 10 St. Paul St. St. Catharines, Ont.

All those interested in Bees send for my 90 page circular and pamphlet on wintering bees (free).

My New and Latest Improved Hive will soon be ready for the market. It contains the usual size and number of Joints frames. I have manufactured ten different kinds and sizes of smokers, and they are the most handsome, compact and best in use.

My New Honey Knife puts all others to shame, and is the finest and best that is in use.

My Latest Improved Honey Extractor has valuable improvements that no others have. It is the cheapest, strongest, lightest running, and best and most durable in America.

My Comb Foundation is made on an improved Dumban machine and from a filled wax, and is better manufactured than any other. I will make up wax into comb foundation cheaper and better than others.

My New Silk Bee Vests are made larger than any previous ones, the material having been ordered direct from the manufacturer, specially designed for bee vests. They have no equal.

I am the only one in America who manufactures Perforated Metal for raising comb holes, preventing swarming, controlling fertilization, etc.

My Latest Improved Wax Extractor suits all others out. I challenge any others in America.

Honey Tins and Pails. My honey cans are cheaper and superior to any others in the Dominion, as I am the only one who has machinery and dies to manufacture the so new and improved self-seal cans and pails. They are also the best for sealing.

In a short time my new Honey Labels will be ready. They will be lithographed on nice different stones, blending all the colors, making a handsome varnished chrome label, finer than anything yet made so that each person can have his own name on them. The price will be wonderfully low.

Those having wax for sale, please drop me a card. I can pay you a high price. Wax taken in exchange for goods. D. A. Jones, Beeton, Ont.
