The strike of coal miners in the north of France is ended.

By an explosion of dynamite on board a vessel at Santander, Spain, 165 persons were killed and 190 injured.

Three hundred miners of the Lehigh district, Lancashire, resumed work yesterday morning at the wages paid before the strike commenced.

Telegrams may now be sent to Lardeau, on Arrow Lake, and Nakusp, offices having been opened at those two points by the C. P. R. Telegraph Co.

Arrangements are being made by the Government to send a number of North-

west farmers to Great Britain this winter to address gatherings in the sections of the mother country whence they originally came.

The rolled oats exhibit of the Brackman & Ker Milling Company, at the World's Fair, was awarded the gold medal. When it is considered that the Company competed against hundreds of exhibits from all parts of the world, the honor is so much greater.

An effort is being made to induce the Government to return to Kaslo a percentage of the money collected for licenses and taxes in that town now that it has a city government to maintain.

An effort is also being made to have a provincial constable permanently stationed at Kaslo.

Lampson's circulars were received from London Sunday night by those in the seal fur trade, and they announce the sales for Wednesday, Nov. 20th. They also say that the firm will sell 110,000 seal skins, 70,000 northwest coast, 32,000 Russian and 7,500 from the American rookeries. The figures are believed here to be wrong. The total catch is 142,000, nearly half of the Victoria catch is sold, while many skins are in the hands of the Hudson's Bay Co. and Culverwell, Brooks & Co.
