to the risk of being taken at so fearful a disadrantage. Canada must not suppose that we can always lend her as efficient assistance, and she will do wisely to take her own defence hence-forth into her own hands. It has been said that notes we continue to throw upon the people of this country the whole burden of defending our Cothis country the whole burden of defending our Colonies in time of peace, our Colonies will separate from us. This is but shallow reasoning. The Colonies are actuated partly by feeling, but a good deal also by a clear and enlightened wiew of their interest. So long as we are gilling to make the colonies are actuated to the colonies are actuated by the colonies are seen as the colonies are the c own interest. So long as we are willing to pay for their wars and fight their battles ourselves, without perpetrating in return any of those injuries or insults which are apt to fall to the lot of an unarmed and unwarlike people, the Colonies will willingly ac quiesce in so one-sided an arrangement—an arrangement in which all the good is for them and all the evil is for us. But it by no means follows that, even if they should be called upon to undertake their own defence in time of peace, and to look only for such assistance as we can spare in time of war, the Colcnies would think the union with England burden-some and oppressive. They might, indeed occasionally find themselves engaged in wars for quarrels in which their peculiar interests were not involved; but against this evil are to be set the considerations that, except in the case of America, they have no civilized continental neighbors, and are therefore protected from the dangers of war by our maritime superiority. In the case of a quarrel with America our Colonies, if not the pretext, are almost sure to be the cause of the war. Our experience has shown that against American enemies England is strong enough by land to protect them. On the other hand, the Colonies gain by remaining part of the British Empire all the innumerable advantages which attend on large States as compared with small ones. The American Government arrested citizens of the Confederate States in the territory of New Granada, in defiance of the Law of Nations and with the most perpect impunity; but the American Government would offer no insult to Colonial territory or property of Great Britain itself. The knowledge that they cannot be involved in a war while England remains at peace is a tower of strength to our Colonies, and saves them from heavy expenditure and loss of life .- Times.

character of this work, which the Rev. Author designates in the following Dedication: "This Treatise on the Sacred Infancy of our Most Dear and Blessed Redeemer, is laid with the most Tender Devotion, the most Humble Confidence, and the most Reverential Worship, at the Feet of Saint Joseph, the Spouse of Mary, and the Great Foster-Father of our Lord.

The name of the distinguished Author, whose Works have already become so propular in England and this country, as well as on the Continent, where they have been translated, and met with an immense sale, is sufficient invite attention to this past production of his genius, learning and piety

"Like Father Faber's other Works, it abounds in passages of rare learning, exquisite beauty, graceful imagery and most tender piety. To at least many of the 50,000 who have read his other Works, particulary his "All for Jesus" this last production of his genius, and still more of his deep, active love for that same ever blessed Saviour of men, will be a more than welcome visitor; an offering better than treasures of gold and silver. If any were at this moment, when thrones are crumbling, and nations are falling to pieces or being humbled to the dust, it is in the stable, and by the crib of the Babe of Bethlehem, that the proud and the wise of the world may learn the worth of the saying: 'Vanity of vanities, and all is vanity; except to love God, and to serve Him

with sentiments of gratitude to heaven, and hope for its abundant blessing on the teachings of such a guide, which our most earnest language would but faintly express. If the power to conceive and convey to others the sublime, and at the same time, the most practical truths that can interest the human mind, be a title to the homage of men, then has Father Faber established for himself a claim, which no length of years nor change of circumstances can efface. As a Family Physic.

From Dr. E. W. Carteright, of New Octoms,
"Your Plus are the prince of purges. Their excellent
qualifies surpass any cathactic we possess. They are mild,
but very certain and effectual in their action on the bowels which makes them invaluable to us in the daily treatmen

FOR JAUNDICE AND ALL LIVER COMPLAINTS.

FOR JAUNDICE AND ALL LIVER COMPLAINTS.
From Dr. Theodore Bell, of New York Can.
Not only are your PILES admirably adapted to their purpose as an aperient, but I find their beneficial effects apon the Liver very marked indeed. They have in my practice proved more effectual for the cure of billous complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people."

BYSPEPSIA - INDIGESTION. BYSPEPSIA — INDIGESTION,

From Dr. Heavy J. Knox, of St. Louis,

"The Pills you were kind enough to send me have been all used in my practice, and have satisfied me that they are truly an extraordinary medicine. So peculiarly are they adapted to the diseases of the human system, that they seem to work upon them alone. I have curred some cases of dyncersic and indigestion with them, which had resisted the other remedies we commonly use. Indeed I have experimentally found them to be effectual in almost all the complaints for which you recommend them."

Despective — Disputes — Relay.

DYSENTERY - DIARRHEA - RELAY.

From Dr. J. G. Green, of Chicago.

"Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses, for bilious dysentery and diarrhea. Their sugar-coating makes them very acceptable and convenient for the use of women and children."

INTERNAL OBSTRUCTION-WORMS-SUPPRESSION. From Mes. E. Stuart, who practices as a Physician and Midwife in Ratan.

"I find one or two large doses of your PILLS, taken at the tion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients."

CONSTIPATION - COSTIVENESS.

CONSTIPATION — COSTIVENESS.

From Dr. J. P. Vaughn, Montreal, Canada.

"Too much cannot be said of your Prils for the cure of cativeness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe confirmers to originate in the liver, but your Prils affect that organ and enter the disease."

IMPURITIES OF THE BLOOD — SCROFULA — ERF-SIPELAS — SALT RHEUM — TETTER — TUMOES SIPELAS — SALT RHEUM — TETTER — T — RHEUMATISM — GOUT — NEURALGIA.

— RHEUMATISM — GOUT — NEURALGIA.

From Dr. Excivil Hall, Philadelphia.

"You were right, Doctor, in saying that your Priss purify the blood. They do that. I have used them of late years in my practice, and agree with your statements of their efficacy. They stimulate the excretories, and carry off the impurities that stagnate in the blood, engondering disease. They stimulate the organs of digestion, and infuse vitality and vigor into the system.

"Such remedies as you prepare are a national benefit, and you deserve great credit for them."

Four Hard Rock — Sign Headache— Four Stone.

FOR HEADACHE—SICK HEADACHE—FOUL STOMACH—PILES—DROPSY—PLETHORA—PARALYSIS—FITS—&c.

From Dr. Edward Boyd, Baltimore.

"DEAR DE. Aver. I cannot answer you what complaints I have cared with your PILIS better thou to say all that we ever treat with a purpositive medicine. I place great dependence on an effectual entitartic in my daily omisst with discuss, and believing as I do that your PILIS afford as the best we have, I of course value them highly."

Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.
