Anthony Hope's New Novel

SIMON DALE

Crown 8vo. Paper, 75c. Cloth, \$1.50.

The author of "Phroso" and "The Prisoner of Zenda" has established his claim to be considered a story-teller of the first rank. His ingenuity and the substratum of his accurate scholarship are both visible in "Simon Dale." The scene of the book is laid in England and the time is the reign of Charles II., the convivial and easy-going monarch whose *regime* of roystering conviviality and easy virtue followed the grim period of the Puritan Commonwealth.

THE BETH BOOK

Being a study from the life of Elizabeth Caldwell Maclure, a woman of genius

By SARAH GRAND.

Author of "The Heavenly Twins."

12mo. Cloth, \$1.50. Paper, 75c.

This is the life history of the heroine Beth. Since the publication of the "Heavenly Twins," Madame Grand has been at work upon this novel, which will be her most important literary undertaking. It is a most subtle and extraordinary study of a woman's psychological evolution, while as a story it is characterized by an abundance of delightful humour and incident. With remarkable fidelity and a singularly graphic power of expression the author depicts the attitude of the child toward the outer world and toward her parents, the effects of increasing knowledge upon the young girl, the married life, the acquaintance with a larger world, the attitude of men towards women, and the position of women in modern society. Questions of intimate consequence are treated with courage and dignity.

Kit, the well-known editor of the "Woman's Kingdom" page of the *Toronto Mail and Empire*, has long held a prominent position as one of the foremost women writers of this continent. Her description of travel and her writings on social subjects, not to mention her weekly correspondence column, in which she has given advice and sympathy to thousands, have made her a welcome guest in numberless Canadian homes. Her recent descriptions of the Diamond Jubilee Celebration were not less important and attractive, and a call for their collection in book form has come from many quarters. Dealing as they do with an event in the Victorian Era which was interesting to every subject of the Empire, they form an interesting memento of the sixtieth year of the Queen's reign.
