The Advantages of PARIPAN

FOR HOUSES.

Applied with a brush in the usual way, Paripan forms the most artistic, durable and washable surface possible.

Over twenty years' practical use proves that Paripan will last in perfect condition for ten years and upwards and "the more you wash it, the better it looks" is literally true.

Nearly all the trouble of re-painting and annual cleaning is done away with.

Paripan, by reason of its durability, costs far less than ordinary paint.

Paripan Glossy gives a surface like glass, the Flat (dull), a delicate, dull silk-like effect—both perfectly washable.

FOR HOSPITALS.

Paripan for walls and ceilings of wards, corridors and operating theatres furnishes a surface far superior to glazed tiles at a mere fraction of their cost.

Paripan may be washed with soap and water or the usual disinfectants and lasts for years. The London Hospital has about Fourteen Acres of Paripan work and has proved that this enamel is cheaper than even distemper.

Paripan is largely employed for the painting of radiators and hot water pipes.

FOR RAILWAY COACHES, ETC.

The Paripan method of painting produces a finer and more durable effect than the usual treatment, with a less number of coats.

It means a very large saving in maintenance charges and a great increase in efficiency.

Paripan stands all climatic conditions perfectly. After washing and leathering in the usual way, it always comes up fresh and new. No varnish is required.

Architects, Surveyors, Engineers, Railway Companies, and all interested in Paripan are cordially invited to send for our Illustrated Book with Color Chart, prices and "Opinions," mailed free by return. We will gladly answer any special queries and send samples for trial.
