

***** SHARING ENTERTAINMENT *****

1. When a general reception, of value to the work of more than one officer, is held, it may be appropriate to share the costs amongst the officers concerned. Each officer might be assessed according to his allowance grade.
2. If the event is one in which the Department of External Affairs has an interest, the possibility of inviting their officers to participate on this same basis should not be excluded.

(See also Guidance Paper #103, dealing with sharing of reception costs with Canadian firms or their agents.)
