NATIONAL SECURITY**IDENTIFICATION OF OWNER OF CAR IN WHICH BODY OF PIERRE LAPORTE WAS FOUND**

Mr. P. B. Rynard (Simcoe North): Mr. Speaker, I should like to address a question to the Minister of Justice, one that I have been asked about a great many times. Has the green car that was used in the kidnapping of Mr. Laporte been identified and the owner of the licence number established? Is this information in the hands of the provincial and federal governments, or was the licence number changed on the green car in which the body of Mr. Laporte was unfortunately found?

Hon. John N. Turner (Minister of Justice): I will take that question as notice, Mr. Speaker.

PUBLIC SERVICE**ALLEGED DEMOTION OF K. A. STEAD BECAUSE OF INABILITY TO SPEAK SECOND LANGUAGE**

Mr. Cliff Downey (Battle River): Mr. Speaker, my question is directed to the Secretary of State. In view of the fact that there are several questions concerning the affair involving Keith Stead of the Museums Branch that are still unanswered, would the minister give the House the answer in three areas? Would he say whether Miss Monique Plamondon has returned from her extended tour of Europe, why it was necessary for Miss Plamondon to be in Europe for the past three months while the Stead case was being discussed and—

Mr. Speaker: Order, please. This obviously is a question which should be placed on the order paper.

GRAIN**RAPESEED—RECEIPT OF TRUCKLOAD DELIVERIES BY SASKATOON TERMINAL**

Mr. A. P. Gleave (Saskatoon-Biggar): Mr. Speaker, in the absence of the Minister of Agriculture I should like to direct my question to his Parliamentary Secretary. In view of the recent press release by the minister in connection with the handling of rapeseed at inland terminals, can the minister inform the House if the inland terminal at Saskatoon has been instructed to receive rapeseed on a truckload basis and, if so, when will this facility be in operation?

Mr. Marcel Lessard (Parliamentary Secretary to Minister of Agriculture): Mr. Speaker, I shall take the hon. member's question as notice and advise him later.

[Mr. Hees.]

EXTERNAL AFFAIRS**INTERNATIONAL DEVELOPMENT RESEARCH CENTRE—APPOINTMENT OF MEMBER OF PARLIAMENT TO BOARD OF GOVERNORS**

Mr. Ralph Stewart (Cochrane): Mr. Speaker, I have a question for the Secretary of State for External Affairs. As a result of the press release regarding the appointment of a Board of Governors of the International Development Research Centre and in view of the fact that the House on February 20 of this year passed the bill concerning the International Development Research Centre in which it recommended that one of the governors be a Member of Parliament, would the Secretary of State for External Affairs advise the House why he decided not to appoint a Member of Parliament and if in the future he intends to appoint one to that board?

Mr. Speaker: I am not sure there is urgency in the question. If there is, the hon. member could well give notice to the Chair for the purpose of having it discussed at the time of adjournment.

Mr. Stewart (Cochrane): Ten o'clock, Mr. Speaker.

PRICES AND INCOMES COMMISSION**INVESTIGATION OF FISH PRICES**

Mr. John Lundrigan (Gander-Twillingate): Mr. Speaker, I have a question for the Minister of Consumer and Corporate Affairs. Is his department, through the Prices and Incomes Commission, carrying out an investigation into "exorbitant fish prices" and can he indicate the basis for the investigation?

Hon. Ron Basford (Minister of Consumer and Corporate Affairs): Mr. Speaker, I am not quite sure whether the commission is investigating the subject the hon. member mentioned. I will make an inquiry and check. In the meantime, if the hon. member wishes to give me information concerning the specific prices with which he is concerned I will be happy to pass it on to the commission.

Mr. Lundrigan: Mr. Speaker, in the event that the minister does discover a reservoir of excessive profits, would he recycle them to the pockets of the fishermen who have in no way contributed to inflationary prices in the fisheries?

Mr. Speaker: The hon. member has made a representation and can assume it will be taken into consideration.
