FISHERIES

EXCLUSION OF FISHERMEN FROM VANCOUVER DOCK

Mr. Ted Miller (Nanaimo-Alberni): Mr. Speaker, my question is directed to the Minister of Fisheries and Oceans. He is aware that some 60 fishermen have been excluded from a traditional fish dock in False Creek in Vancouver, because the Minister's Department has signed a private contract for a wharf for fishermen who have wharf-side sales. Would the Minister inform the House at what stage are negotiations for making other space available for those displaced fishermen who have very little opportunity in the Vancouver area of finding additional space for their vessels?

Hon. Pierre De Bané (Minister of Fisheries and Oceans): Mr. Speaker, I approved that initiative in view of the support that it has received in the last few months not only from the municipal authorities but also from several members of the Minister's advisory council. That initiative would help the commercial fishermen sell their catch to the general public.

I hope that this initiative will be well received by the public and provide an excellent opportunity for fishermen to engage in direct sales and thus enjoy a higher profit while selling ocean fresh fish products at attractive prices.

Depending on the success of this initiative, we might study other similar ventures that could be authorized in the future.

ARRANGEMENTS FOR DISPLACED FISHERMEN

Mr. Ted Miller (Nanaimo-Alberni): Mr. Speaker, quite simply I wish to ask the Minister what arrangements he has made for additional moorage for those 60 displaced fishermen who normally dock their boats at that moorage and who are not selling over the side at the dock?

Hon. Pierre De Bané (Minister of Fisheries and Oceans): Mr. Speaker, I will answer the Hon. Member's question within a day or two.

CANADIAN SPORTS POOL CORPORATION

TABLING OF REGULATIONS

Hon. Jacques Olivier (Minister of State (Fitness and Amateur Sport)): Mr. Speaker, in accordance with the provisions of S.O. 46(1), I wish to table, in both official languages, the Regulations concerning the Canadian Sports Pool Corporation. Pursuant to the same Standing Order, these documents shall be deemed to have been permanently referred to the Standing Committee on Communications and Culture.

INCOME TAX ACT

REFERENCE TO COMMITTEE OF DRAFT AMENDMENTS

Hon. Roy MacLaren (Minister of State (Finance)): Mr. Speaker, I move that the document entitled "Draft Amendments to the Income Tax Act", tabled yesterday, be referred to the Standing Committee on Finance, Trade and Economic Affairs. Following consultation with spokesmen for the other two Parties, I ask leave to move that the Committee make its final report thereon no later than May 31. I propose that this be made a House order.

Hon. Ray Hnatyshyn (Saskatoon West): Mr. Speaker, I have had an opportunity to reflect on this question and have consulted with the Government House Leader. Accordingly, we are prepared to allow this motion to come forth and be passed as an order of the House.

Mr. Nelson A. Riis (Kamloops-Shuswap): Mr. Speaker, considering the complexity of the tax Bill that we will be examining before the end of June, we have agreed to accept this particular measure today and look forward to discussing this in detail in the Finance Committee.

Mr. Speaker: Is it agreed that the Hon. Member shall have leave to introduce his motion, in the terms of the motion as indicated, with regard to the report?

Some Hon. Members: Agreed.

Mr. Speaker: Agreed and so ordered.
