(64)

The buildings are all of a temporary kind, and will require to be replaced by others of a more substantial and permanent nature. The schools will require the support of friends for some time to come. It is on behalf of the spiritual and educational part of the enterprise that we now appeal to you; we ask nothing for their temporal support. We ask you only to aid us in the erection of good and substantial buildings, to place the schools on a permanent and efficient basis, and to create a few bursaries for the purpose of preparing young men of piety and talents for future usefulness, either in Canada, the United States, or Africa.

Already the schools have borne fruit. A few teachers, trained at the schools, have been sent out to different parts of the province, where they are now usefully employed. Richard M. Johnson, one of the fugitives, is now studying in the University of Edinburgh as a medical missionary.

A few thousand pounds will be required for the objects contemplated. The principal cities in Ireland and Scotland have been visited, where persons of all denominations have sympathised with the movement, and have aided with their donations this effort to improve the social and moral condition of a long-neglected and deeply-injured race. We now visit your city on behalf of the same object, and ask you to aid us in giving the Bible to the fugitive, and endowing him with the capacity to read it.

Your donations may be sent to ANDREW NELSON, Esq., Cashier of the Bank of Scotland, Glasgow; or to MESSRS. BARCLAY, BEVAN & CO., Bankers, London, to the credit of the Buxton Institute.

WM. KING,
ROBT. BURNS, D. D. } Deputation from
Canada.

N. B.—All communications regarding the Schools at Buxton may be addressed to the Rev. WILLIAM KING, or Rev. ROBERT BURNS, D. D., 13 Euston Road King's Cross, London.

July, 1860.
