

FOUND DIAMONDS IN WASTE PAPER

Workmen in St. Lawrence Paper Mills at Mille Roches Found Mysterious Gems.

CORNWALL, Jan. 23.—(Special).—Four employees of the St. Lawrence Paper Mills, Ltd., at Mille Roches, are considerably richer today than they were yesterday, and it all came about in the easiest kind of a way.

The quartet are employed in the sorting room of the mill and while engaged at their usual work they saw something shining in a bale of waste paper. On close inspection they found quite a number of diamonds of different sizes and three diamond rings. The bales had been shipped from New York and arrived at the mills only a few days ago. How the diamonds got there is a mystery that may never be solved.

The finders brought their wealth to Cornwall to be examined, and they were pronounced to be the genuine article. Some of the uncut brilliants were rolled up in pages torn from a magazine. The findings are said to be worth several thousand dollars.

SUNDAY SCHOOL TEACHERS.

The international graded lessons will be taught to beginners and primary teachers. Songs suitable to the season will be taught by the musical director, Mrs. W. H. Hinks will give an address. A very cordial invitation is given to all teachers of children in the elementary grades.

WORKING ON MAIL BAG MYSTERY.

KINGSTON, Jan. 23.—(Special).—Two government detectives arrived today and are working on the mail robbery case. Authorities state there are no new developments. All sorts of rumors are abroad about two men having been arrested at Belleville, but there is no truth in them.

STEAMSHIP LINES TIED UP IN POOL

Rate Agreements Admitted by Vice-President of International Mercantile Marine Company.

WASHINGTON, Jan. 23.—(Canadian Press).—Armed with bulky packages containing copies of rate agreements, shipping contracts and pooling arrangements data, A. S. Franklin, vice-president of the International Mercantile Marine Co., today furnished the house shipping trust committee with practically all the information it desired concerning the North Transatlantic Steamship trade. Mr. Franklin corroborated the testimony of other witnesses that the line in this trade operates under rate agreements and in some instances pooling arrangements, and put into the records a copy of the agreement entered into by most of the lines controlled by his corporation.

Declaring that it would be impossible to maintain efficient transatlantic service without agreements, Mr. Franklin said the only way congress could improve the situation would be to require copies of the agreements to be filed and held open to the public. Any attempt to prescribe fixed rates, he insisted, would be ruinous on account of "ramp" competition with the regular lines, and because such practice would give foreigners an advantage over the American merchant and producer.

Inspected New C.P.R. Branch.

KINGSTON, Jan. 23.—(Special).—C. P. R. officials, including J. T. Arundel, general superintendent, Ontario; A. L. Helseburg, divisional engineer, and H. Brown, divisional freight agent, are here today inspecting the new Kingston branch, formerly the Kingston & Pembroke Railway. They returned to Toronto this afternoon.

Master Painters' Convention.

ST. CATHARINES, Jan. 23.—(Special).—The Master Painters' Association of Canada, will hold its next convention in St. Catharines on July 13 to 15 this year, according to a declaration of the executive in Toronto yesterday. The convention concerns all employing painters east of Winnipeg.

GREAT ACTIVITY PRIOR TO SHOW

Several Hundred Motor Cars Will Be on View at the Exhibition.

This year's annual motor show will be one of the largest ever held on the continent. Besides the display of automobiles, features for the amusement of the public never before introduced will be furnished. One of these will be the reproduction by moving pictures of the famous 500-mile race last fall at Indianapolis, in which all the world-famous cars participated. The exclusive rights for Canada have been obtained by E. M. Wilcox, from an American moving picture company, who secured the films at a great cost, and the only place where one will be able to enjoy the excitement of the wonderful race will be at the motor show.

Both the transportation and the government buildings, which have been secured for this year's show, are the scene of great activity. Scores of men are at work preparing the way for the New York artists who will look after the interior decoration, and the show promises to be one of the most elaborate ever attempted on the continent. The floor space of the two exhibition buildings will be greater than that of the Madison Square Garden, where the New York show was held, and the number of exhibitors will be greater—almost double, in fact—than that of any previous year.

RANCHMEN CLASH WITH MEXICANS.

EL PASO, Tex., Jan. 23.—(Can. Press).—Telephone reports late this afternoon stated that Mexican rebels today fired on U. S. troops of the 13th Cavalry, patrolling the border near Fabens, Texas. Raiding of ranches by rebels in the same vicinity today resulted in a fight with American ranchmen, who drove the raiders over the line, wounding one of them.

Disease Puzzles Doctors.

BROCKVILLE, Jan. 23.—(Special).—A provincial health officer is in this section investigating a peculiar eruption that has appeared on children and adults in the vicinity of Athens. Several children here also been affected by the disease.

MEN OF TYRONE BUSY DRILLING

Meanwhile Election in Londonderry is Being Fought Out With Bitterness.

LONDONDERRY, Jan. 23.—(Can. Press).—Another Nationalist has died, but his death is neutralized by the arrival of one from Canada.

Intensity of feeling on both sides in the Londonderry fight is not to be measured by the speeches of Colonel Fakenham and Mr. Hogg, which in both cases are notable for absence of sectarian or personal bitterness.

Col. Fakenham has expressed his opposition to home rule in calm, reasoned argument, but the extreme reaction in the speech of Deputy Lieutenant Fieldman of Tyrone, who said: "If by any mischance home rule is forced on us, Ulster have another alternative which we mean to use. That is, to protect ourselves we will take the law into our own hands in North Tyrone."

"We have 15 Unionist clubs, all very much alive, all going thru the drudgery of drill, being taught the use of arms, so as to be ready to obey their commanders when the time comes to defend their country to death, should the necessity arise."

"Nationalists taunt us that Ulster's resistance is all brag and bluster; we mean to show them it is stern reality."

PAPERS HELPED HYDRO BUT MISSED PLAUDITS

Galt Reporter Modestly Points Out That Deserved Bouquets Are Somehow Delayed.

GALT, Jan. 23.—(Special).—The Galt Reporter tonight contains the following editorial leading article on the subject of credits whom credit is due in connection with the watered stock of the power-for-the-people campaign:

"At the banquet given in Guelph to J. W. Lyon, to mark the city's appreciation of his public services, much was justly said of the part he played in the securing of hydro power. When this subject is up for discussion the name of the Hon. Adam Beck always occurs to the listeners, and there are a few others who usually come in for commendation while several boards of trade are pointed out as some of the determining factors in establishing the system in this zone."

"Everybody seems to overlook the humble newspapers who escape eulogy. But how would the project have fared had The Guelph Mercury, The Guelph Herald, The Berlin News-Record, The Berlin Telegraph and The Galt Reporter opposed it? And it cost each of them something to take their stand for public ownership of Niagara power. The Reporter some thousands of dollars. The newspapers mentioned, had they been so disposed, could have killed the hydro-electric commission's project before it crossed the Hamilton mountain. For public reasons they supported it, strengthening the Hon. Adam Beck's hands whenever possible and bearing down opposition by the force of argument. Let us not know of one of them that ever received a letter of thanks from either the Hon. Mr. Beck or of a prominent supporter of the chairman of the commission. 'Twas a labor of love."

GLOBE FAVORS BIG INCREASE IN DOMINION NOTE ISSUE.

Toronto Globe: A further proper, profitable and absolutely safe issue of the Dominion's credit could be made by increasing the \$30,000,000 limit on the currency by \$25,000,000 to 55 per cent gold reserve. It is now 25 per cent. It might be left intact, and the next \$50,000,000 allowed on, say, a 50 per cent reserve. This was suggested by the Globe in May last. It would release \$25,000,000 needlessly stored and save the Dominion a million a year waste. It might be better to establish a safe proportionate reserve against the entire issue.

The new law gives the banks great relief in the holding of Dominion notes. Where the two currencies are in conflict they desire that the Dominion circulation should give way. That is, and is furthered, intentionally or otherwise, and the public are made apathetic by the government's making the Dominion note issue unprofitable to the Dominion. In this they are helped by the new legislation. They desire to get rid of the obligation of holding Dominion notes. PROVERB CONTESTANTS SOON TO KNOW WINNERS

Examining, Checking and Filing the Many Thousands of Proverb Sets Now Completed.

The work of picking the winners in The Toronto World's great \$500 Proverb Contest is nearly completed, but it must still be some days before the successful contestants can be made known.

Practically 19,000 sets of answers were sent in in this great contest, and, naturally, the work of examination is a slow and tedious task. Great care has been exercised by the examiners to prevent errors from creeping into the work, so that at the close those who are adjudged the winners will have won fairly.

Contestants need have no fear that their answers will be penalized or marked wrong where the correct answers are included. However, thousands of competitors have been put out of the running on account of missing so many of the correct answers, and which was mainly due to the fact that these contestants submitted but one coupon or answer to a picture. These contestants seem to have failed to follow the contest closely, and consequently they should be fair now when they discover that they have missed the wording of some of the extremely easy problems.

Every contestant was duly informed from time to time thru the contest stories and special announcements, and thru the published rules, which appeared nearly every other day, of the privilege to use five answers to each picture. Liberal allowance was also made in allowing contestants to incorporate the slightly different wordings of proverbs of the same meaning upon one and the same coupon, and contestants who have submitted their answers in this form, and when the correct answer is given, have been given full credit. Because contestants failed to study the rules closely, which they were so often advised to do, or because they failed to avail themselves of any of the liberal privileges extended, is no fault of the Contest Department, and contestants should blame no one but themselves.

Many sets of answers have also failed on account of the trifling mistakes in spelling and punctuation. Many of these contestants seemed to think that it was only necessary to hint at the proverb rather than to be punctual and accurate in their writing. Thousands of letters commenting upon the Proverb Contest as one of the most interesting and entertaining features ever conducted were enclosed with the sets of answers. Contestants should watch The Daily World closely for announcement of the exact date upon which the winners will be published.

Contestants Must Watch The World Closely For Exact Date of Announcement of The Winners.

COST OF LIVING UNDER SCRUTINY

House Committee on Agriculture Tackles Big Question, Including Transportation.

OTTAWA, Jan. 23.—(Special).—The house committee on agriculture, this morning started to investigate the high cost of living problem in Canada and authorized Chairman Sexsmith to appoint a sub-committee for this purpose. The sub-committee will summon witnesses and endeavor to ascertain the reasons for the increasing agricultural expenses. It will also examine into transportation charges and other factors which may enter into the problem. The first witnesses to be examined will deal with the matter of the excessive freight rates upon fruit.

WESTERN FARMERS NOT OF TYPE CALLED JINGO

Alberta Soil-Tillers Would Have Canada Point Way to Disarmament.

CALGARY, Alta., Jan. 23.—(Can. Press).—The United Farmers of Alberta are for universal peace, opposed to war and very much against the Canadian navy policies of both the great political parties. They would have Canada lead the world in a great disarmament movement. So declared an anti-naval resolution adopted by an overwhelming vote just before adjournment.

In 600 delegates only 12 voted against the resolution. The discussion of the resolution provided the first real fireworks of the convention and brought out impassioned oratory. Other important features of the proceedings were the adoption of a unanimous vote for an out-and-out free trade resolution, and the adoption of a resolution favoring legislation which would practically exempt from taxation lands held by municipalities.

Wise Mothers. The postmistress of Plumville was in bad odour. They whispered that she tampered with the Plumville letters and parcels; they murmured that she perused the Plumville postcards. They didn't trust her. A little boy entered the Plumville postoffice hearing between his pudgy fingers a large piece of rich Christmas pudding. "My ma send this to you, with her compliments," recited the youth, "and would you please eat as much as you can." The postmistress was delighted. "How very kind of your ma," she remembered me!" she exclaimed. "Does she know I have a special weakness for Christmas pudding?" "Yes, she does," replied the youngster; "so she thought she'd give you some this afternoon, before she sent any off to her friends, just to take the edge off your appetite."
