

in character, but still he comes "in such a questionable shape," that we don't wish to have any thing to do with his ghost.

Departure. WATTY LOVERULE Esq. by way of Boston for England to complete his studies in dandyism, and take his degree of D. M. (*Dandyismi Magister.*)* He was accompanied part of the way by the Hon. TORY LOVERULE, and BARON GRUNT; the latter took occasion to display his high breeding and knowledge of the world, during the excursion, at an hotel, where upon attempting to seat himself at the general table, upon casting his noble aspect round the company, and not liking their phizzes, and particularly that of a gentleman who had often made him the butt of his ridicule, he suddenly and mutteringly withdrew with no little trepidation. *Risum teneatis amici.* Don't laugh at the great man, my friends! The return of these gentlemen has been hailed with joy by all president's chairs, and magistrates benches, which had been dressed in crape in consequence of their absence.

ARITHMETICAL QUERY. If the Sheriff of Mount Royal takes one year, eight months and fifteen days, to pay over £150—taken by him in execution, in what time may the Sheriff of Government-City be expected to pay over £60.—N. B. A solution is requested as early as possible, as the clients are in the mean time living on tick.

Washing not taken in, but hung out to dry, at the bed-room windows of two young ladies. For cards of address, apply to Mr. Sheriff Brute's.—

N. B. Chemises displayed to great advantage.

SAM TINKER's dream will have a place, as soon as my poet in ordinary has versified the story of an apparition that appeared to me, as a companion to it. AURELIA CARELESS, the *Mailcoach Narrative* from Kingston to Montreal, and PAT MURPHY, from Chambly (who is particularly thanked for his information) will all be availed of, but in what shape is yet undetermined. TIMOTHY PRY from Quebec, PASSE-TREMS and A BANKRUPT will appear next week. Tho' OLD TRUDER very justly complains of the ignorance and arrogance prevalent amongst our country-magistrates, the merits of the instance he adduces, are not sufficiently explained to appear as a case in point. JACK SNUFF-AT-ALL touches on a political topic, which I decline. A HINTER is too trivial.

*Some accounts say he embarks direct for Calcutta and that his diploma will be sent after him, having been well paid for.
