The meeting arranged by the Empire and Canadian Clubs in Massey Hall for 1 o'clock today for the purpose of hearing an address by the general is likely to be a brilliant affair. In order to permit as many citizens as possible to hear the speech the committee has decided to sell some tickets to the general public at 45 cents each. DEATH SUMMONS PREMIER BOTHA

Head of South Africa Union Falls Victim to an Attack of Influenza.

Pretoria, Union of South Africa, Aug. 28.—General Louis Botha, premier and minister of agriculture of the Union of South Africa, died suddenly early this morning, following an attack of influenza.

Louis Botha was born at Greytown, Natal, in 1863, and was a member of the first volkeraad of Transvaal, in which he represented the district of Vryheid. At the beginning of the Boer war in 1899 he was veldt-cornet for that district. Joining the Boer forces in northern Natal he soon rose to high commands. He was in charge of the Boer forces at the battle of Colenso and Spion Kop, and following the death of General F. J. Joubert he was made commander-in-chief of the Transvaal Boers. After the fall of Pretoria he reorganized the Boers with a view to prolonged guerrilla warfare, his forces offering steady resistance to the British up till late in 1901.

Following the cessation of negotiations between the Boers and the British, General Botha took a leading role in the period of reconstruction. After the grant of self-government to the Transvaal in 1907 General Botha was called upon to form a government. From this position he resigned in December, 1912, to discontinue his participation in the cabinet, but was immediately asked to form a new government. At the outbreak of the great war in 1914, General Botha took command of the union forces in southwest Africa, achieving a complete success and compelling the German troops in that region to surrender. Following the peace treaty with Germany on behalf of the Union of South Africa, he was last seen in Cape Town from Europe on July 28.

SAYS GUELPH/DISPUTE NEEDS CONCILIATION

Special to The Toronto World.

Guelph, Aug. 27.—C. C. Crompton, representing the Dominion government department of labor, paid a visit to the city today. He came to investigate the request for a board of conciliation to settle the dispute between the street railway employees and the railway and manufacturers' committee, respecting wages and hours of labor. Finding out that there were several differences between the various parties, he decided that a board of conciliation would be the only solution, and the department at Ottawa to this effect.

GERMANY RESTRICTS FUEL CONSUMPTION

Berliners Allowed a Hot Bath on First and Third Fridays in Month.

Berlin, Aug. 28.—That any possibility of averting a coalless winter is regarded as a forlorn hope is indicated by reports received from the Silesian and Ruhr coal fields, the action taken by municipalities in many sections of the country and the restrictive measures agreed upon by the coal commission, which promise as much light and warmth as the winter moon.

Greater Berlin was informed today that it would be permitted to indulge in the luxury of a hot bath on the first and third Friday of each month. Kitchen ranges will not be permitted to operate between the hours of 8 and 11.30 a.m., and 2 and 7 p.m. The use of bathroom ovens and of all emergency heating devices consuming coke briquettes is also prohibited.

The first warning, emanating from the workers and addressed to the government by the labor unions at Bochum, urging the addition of the severest measures to curtail the needless consumption of coal, advises the government to restrict show window illumination by the early closing of shops and by shutting down places of entertainment and amusement long before midnight.

Globe—One of the most outstanding features was the singing of the hidden choir, which rendered "The Holy City," and "The Chant of Freedom" most artistically, the voices blending with excellent effect.

Mail and Empire—There is something back of it far more significant of the hearts of the people than any amount of outward display.
