## NOW FOR THE HOLIDAY RUSH.

This week and next will see the store thronged with shoppers eager in the pursuit of holiday buying. This store never was so well prepared to supply every demand of holiday shoppers. A rich and satisfying collection of everything that is desirable and worthy in holiday needs will be found here—and here as nowhere else. Every department in the store contributes its share to the magnificent displays. It took years of faithful attention to the wants and wishes of Toronto shoppers to gain the experience and knowledge necessary to provide so liberally as we have this year. We now enjoy the pleasing satisfaction of knowing that our efforts are appreciated, and the immense crowds that come to this store, past all others, is the best evidence we want that there is no fear of being disappointed in coming here.
