**HEALTH BOARD NAUGURAL**

Ex-Chairman Kirkpatrick Wanted to Have the Inspectors Kept in Check.

**THE H. G. & B. RAILWAY COMPANY**

Held Their Annual Meeting and Heard Some Satisfactory Reports—Dividend of 5 Per Cent.

Hamilton, Jan. 23.—(Special.)—At the annual meeting of the Board of Health Inspectors of the city, J. Kirkpatrick, the ex-chairman of the board, made a proposition which would tend to lessen the power of the health inspectors of the city. He suggested that the city be divided into districts, and each member of the board have charge of his district, and accompany the inspectors when they are called upon to make a special inspection of an alleged nuisance. Mr. Judd said there should be no individual work; that the board should act as a whole in all matters pertaining to the public health. W. Griffith and J. Kirkpatrick were appointed a committee to investigate a nuisance on the property of John Gage on Bowen-street. Very little business was done. R. Haycroft was the only member absent.

**MARKETS—Continued.**

The Markets Committee had its first meeting this evening and transacted considerable business. The estimates were decided on as follows: City Hall, \$100,000; \$700,000; \$200,000; \$50,000. The question of paving Central Market was also discussed, and it was decided to ask for \$4000 to have the work done properly.

The committee on the market for the revenue last year was \$12,277.74, as against \$10,580.35 in 1897, the deficit act making the reduction. Superintendent Davis suggested a system of coupons for running the market and Ald. Hibb and Findlay were appointed a committee to look into the matter and report. The same aldermen will also consider the advisability of having a permanent market policeman. The committee also terminated that the police clothing must be used.

Greg Ross, were given the veterinary work in the Fire and Police Departments. The committee at a later meeting will discuss a proposal to charge a fee for weighing coal.

**The Emeralds at Dinner.**

The annual banquet of the Emerald Mutual Benevolent Association to-night at Klappan's parlors was attended by about 60 members and friends. James P. Hale presided and N. J. Curran was in the chair. The toast list was as follows: "Heretofore," Rev. Father Mahoney; "Canada," M. J. O'Reilly; "Wider Societies, I.C.B.T.," St. Charles; "The Emeralds," J. O'Reilly; "Leo Literary Society," Joseph Carroll. A god send present was rendered by Rev. St. John's Presbyterian Church.

There has been some dissatisfaction in St. John's Presbyterian Church at the music and some of the members have been calling for a new organ. At the annual meeting of the congregation this evening the report of the managers was read, and this matter was referred to. The managers recommended that a committee be appointed to consider the question. One of the members present complained that the church is dilapidated and urged that some money be spent in renovating it. No action was taken. The various reports were satisfactory.

The following chief officers were elected:

**TRADE UNIONISM**

The Subject of Robt. Glockling's Interesting Talk Before the Young Liberal Club.

Mr. Robert Glockling spoke of Trade Unionism at the meeting of the Young Liberal Club last night. A vote of thanks was moved by Mr. W. J. Elliot, seconded by Mr. Livingston, who suggested a number of improvements to be taken up by labor organizations, the principal one being a scheme of marriage insurance, by which a fund should be established, which should be available for wage-earners, when they wished to wed, the loan to be repaid in future by the laborer on easy payments. A committee was appointed to confer with a committee of the North Toronto Liberal Club in reference to establishing closer relations between the Liberal Clubs of the city. Mr. Glockling gave notice of motion favoring the examination of stationary engineers. The chair was occupied by Mr. F. J. Colwell.

**NO BAD EFFECTS.**

It is very easy to make the operation of tooth extraction painless by injecting a solution of cocaine into the gums—but the "cure" is far worse than the "disease" in its painful and dangerous after-effects.

We use for this purpose an anesthetic absolutely free from cocaine, that causes no sore or swollen gums, no sloughing and no unpleasant effects of any sort, and is still as efficient in banishing the pain of this much dreaded operation.

**MATTERS OF GOVERNMENT**

Is the Arbitration Between the Grand Trunk Company and Their Operators.

**PROCEEDINGS, OF COURSE, SECRET.**

**Grand Chief Powell Had His Opinions in the Morning, Mr. Hays in the Afternoon.**

The arbitration between the telegraphers and the Grand Trunk Railway, which was opened in Montreal, was resumed in this city yesterday. The conference chamber was the office of Mr. B. C. Oster, G.O., and here Chief Justice Sir W. Meredith sat to hear the arguments. The telegraphers were represented by Mr. F. P. Sargent and Grand Chief Powell of the Order of Railroad Telegraphers. The company's side was supported by Mr. Oster, G.O. General Manager Hays and General Superintendent McGowan.

The question in debate all day was that of wages, the telegraphers wanting a minimum salary of \$40 a month, a working day of 12 hours and payment of 15c for each hour thereafter.

Grand Chief Powell spoke all the morning and Mr. Hays replied during the afternoon. No decision is likely to be reached before Wednesday, and in the meantime the profound secrecy prevails.

Mr. Hays, who is a well-known speaker, is stopping at the Rossin. After repeating his opinion at their last night, Mr. Powell called on the Grand Trunk, which was the subject of his speech. When asked if Mr. Hays' reply had been favorable to the men, Mr. Powell smiled blandly and replied:

"I can say nothing, in a case like this it is the master who speaks. I do not know what he has said or what he is going to say. I do not know what he has said or what he is going to say. I do not know what he has said or what he is going to say."

At this point in the speech Mr. Sargent with a rush and as sturdy as a shark.

Mr. Sargent's speech was given a chance to get a scoop this time? He calculated, with a laugh, and bidding Chief Justice to follow him, the two disappeared into an adjoining room.

Frame, pianist and conductor. The program was essentially Scotch, and as the Scotch element in the audience was largely predominant, it goes without saying that the affair was a tremendous success. The concert was composed of twenty numbers, and with encores was very lengthy. The Scotch songs were especially popular. The program was well received, and the audience was very much entertained. The concert was a grand success, and the audience was very much entertained.

**ST. JAMES CONGREGATION MEETS.**

Col. Graesselt Elected a Delegate to the Synod—A Little Misunderstanding.

St. James' congregation met last night at a meeting in the parlors of St. James' Synod, made vacant by the resignation of W. R. Brock, who has left on an extended business trip to Europe. Col. Graesselt was unanimously elected to fill the vacancy.

A late misunderstanding occurred between ex-Ald. Scott and Mr. W. T. Bord shortly after the opening of the meeting. At five minutes past eight the chairman called the meeting to order and Mr. Scott proposed the name of Col. Graesselt. Just at this time Mr. Bord entered the room and criticized the action of the chairman in calling the meeting so promptly on to order. Mr. Scott felt that this was a serious matter for it, Mr. Scott felt that this was a serious matter for it, Mr. Scott felt that this was a serious matter for it.

**THE DEAD BISHOP.**

Messrs. G. W. Boyd, James Scott and Rev. G. O. Wallis were appointed a committee to draft a resolution of condolence to the family of the late Bishop. Nothing was said about the appointment, a successor to fill the vacancy in the rectory.

Upon enquiry at the Lady Stanley Institute it was learned that the girl was known there. He has since searched carefully, but has not been successful.
