New Fabrics for Hangings and General Uses

There are Chintzes, Scrims, Madras Muslins, Nets, Plain Repps, Casement Cloths, etc., from the mills of Europe and United States. These materials are now being displayed in the department, marked at unusually attractive prices. It has been difficult to get delivery owing to the conditions in Europe, but we are satisfied, now that we have them here, that without doubt we are showing a better line and more exclusive and extensive one than ever before, and the prices are as low as ever. The quality is the regular Simpson quality, which is always best.

Chintzes—Tables loaded down with New Chintzes, 30 and 36 inches wide, in a profusion of colorings; all beautifully blended and well printed; at prices ranging from 14c to 85c per yard.

Scrims and Marquisettes—An enormous variety to select from, in cream or ecru, 36 to 50 inches wide. In plain and with pretty bordered effects.

Madras Muslins and Nets—Lots to select from, including all the new patterns, both floral and trellis, 36 to 50 inches wide; in cream or white. These fabrics are mostly in demand for curtains for the windows of the home. There are designs to suit any style of room.

English Repps and Casement Cloths, in greens, browns; these are exceptionally fine fabrics for curtains and portieres; 50 inches wide.

Tapestry Bandings—Just arrived from the mills in England, new designs, new colorings; for applications on plain repps for portieres and window curtains, in a variety of widths; at 20c and 25c per yard.

Lamp Shades—We are showing our new designs in Lamp Shades, which can be made to order any style and any color, and trimmed to your own ideas; we have also an extensive collection of the necessary lamp shade trimmings and frames.

Thousands of yards of Tapestries just arrived from the mills in England and Italy afford beautifully blended colorings and all-over verdure designs. Patterns to select from that will suit almost any room decoration. Our aim when purchasing these tapestries a year ago was to combine economy with the most artistic effects, and this we feel we have accomplished. The tapestries we are showing are as good as, and, if anything, better than we have shown in previous years.

New Tapestries

At \$1.50 Per Yard—English Tapestries, in small conventional and verdure effects, 60 inches wide.

At \$1.65 Per Yard—English and French verdure effects, 60 inches wide.
