they are strong and robust, and they are now returning home in the very best state of health. We have had, during the year, no sickness to speak of, and if on the one hand we find our bills for bread, butter and coal rather large, on the other hand we are glad to see that the doctor's bill is nil. In this respect, I think, everyone will admit that the expenses are on the right side of the equation.

The final examinations have been conducted by the following gentlemen: Rev. Canon Dixon, Rev. R. H. O'Malley, M.A., Rev. H. Jekill, B.A., Rev. C. Rollit, Mr. W. B. Heeney, B.A., Prof. J. W. Tucker, B.A., and the teachers of the College. I shall before closing mention the names of the fortunate pupils who have captured the prizes.

We stated in our last year's report that some of our students intended to present themselves for the A. A. examination, and some for the Matriculation in Arts. It is very pleasing to me to be able to say, with reference to our students, that all those who presented themselves for the said examinations were successful.

Our school is represented at the McGill Normal by Miss Maggie Seaman and Miss Olive Somers, and Mr. John Seaman has been at the Montreal Diocesan Theological College since last Christmas.

Of our present students, Miss Maude Copping intends to present herself next June for Matriculation at the McGill Normal, and Mr. Lancaster for Matriculation in Arts.

This Institution has furnished its fair quota of students to Theological Colleges, and to-day, in almost every diocese of our Dominion, clergymen can be found, and several also in the United States, who owe their primary education to the Sabrevois Mission Schools.

With regard to the Church, I have nothing to report beyond the ordinary routine. Our time being completely taken up with the work of the school, we could hardly undertake any additional pastoral work. And may I be allowed to say, with our French Congregations, pastoral work is of vital importance. In connection with the Church of L'Eglise du Rédempteur, a hard-working, devoted and self-sacrificing clergyman is at present a great desideratum. Much work might be done; the harvest is great indeed, but the labourers are too few. French Missionary work in connection with our church is getting every year better understood by church people in general.

We feel thankful to God for the sympathy and generosity of those warm and genuine friends who take a special interest in that particular branch of God's work.
