

POETRY.

TOO SOON. Too soon!—too soon!—how oft that word Comes o'er the spirit like a spell; Awaking every mournful chord That in the human heart may dwell: Of hopes that perish'd in their noon— Of youth decay'd—too soon—too soon!

ELOPEMENT.—Some time before daybreak, yesterday morning, a travelling chariot and four horses were observed to draw up in the Exchange road, opposite to Connaught-terrace, where they remained for a considerable time, waiting in evident readiness to start at a moment's notice. At last a horse and gig, in which were two persons, in travelling cloaks, was seen coming along Park-lane at full speed; the animal was white with foam, and appeared to have been driven a long distance. The persons, a lady and gentleman, alighted, took their seats in the chariot, the word "go on" was given, and the crack of the post-boy's whip, and the rattle of the chariot wheels, was heard only for a second or two, ere they were whirled out of sight, in the direction of the north road. It is said that the fair fugitive is the daughter of a wealthy resident in the neighbourhood of Clapham Common, and her companion a Cavalry Officer of some distinction, who will eventually succeed to titled honours, and an immense estate. The young lady was not missed, until four hours after she had taken her departure. An instant pursuit was commenced, which will, in all probability, be unsuccessful, as the party in advance is said to have relays of horses in readiness all along the road. The sister of the young lady made a similar hasty visit to the hyemal altar about fifteen months ago and started from the same spot as the parties did yesterday morning.

FIRE INSURANCE.

DR. RATCHFORD, AGENT for the TRINITY FIRE INSURANCE COMPANY, of Hartford, Connecticut, continues to issue policies, and renewal receipts, for Insurance on Houses, Shops, Mills, and other buildings, vessels in port, or on the stocks, Household Furniture, Farmers' Stock and Utensils, Merchandise, Machinery, and every other description of property, against Loss or damage by Fire, on liberal terms.—It is a notorious fact, that the subject of insuring against fire, does not receive from the inhabitants of this Province that attention which its importance demands; and the premiums for fire insurances particularly bear so very small a proportion to the value of the property insured, that much less sympathy is felt for those sufferers who may have neglected to avail themselves of the means of providing against such calamities. The capital of this Company, £200,000, has been all paid in, and invested in the best securities; independently of which, a SURPLUS FUND of more than \$35,000 has been set apart to meet the occasional claims for losses, and the stock bears a high premium. The Agent will at all times attend personally to the survey of buildings on which insurance is desired within the City; and applications in writing (post paid) from all other parts of the Province, describing the situation and the property to be insured, will receive prompt attention. Saint John, N. B. 12th November, 1831.
