FRANCE AND PRUSSIA SANDS' SARSAPARILLA.

THE fame of this preparation is not confined to the limits of our own country, but by its powerful agency in arresting and curing disease, has won its way successfully into different countries in Europe, as the following unsolicited testimonials from individuals of the highest respectability shows in the most conclusive and satisfactory manner. The same happy success has attended its use there, which has always marked its course where ever adopted, and diseases have yielded to its health-restoring influence which Medical Men of profound skill had pronounced incurable. The most potent simples of the vegetable kingdom are united in this preparation, and the combination is such that one modifies and improves the other, and under those modifiering entirely in its character and properties from any other preparation, and the uniform success which has marked its use, furnishes proof sufficient to convince every candid and discerning mind of its great superiority and value.

Learnon United States, Beelin, Prussia, April 8, 1816.
Messrs, A. B. & D. S. Nans:

Gentlemen—Having seen your Sarsaparilla used in this City with great effect in a severe case of Scrofisha, I have been requested to order three dozen bottles, which please send, on the payment of the enclosed draft on Messrs. Hinchin & Unkland with the least possible delay. I am inspired only by a feeling of philanthropy, in begging you by by a feeling of philanthropy, in begging you by a feeling of philanthropy, in begging you by a feeling of philanthropy, in begging you by a feeling of philanthropy, in the converse of the message of them.

The following is an extract from a letter received from Mr. Mace, whose wife had been silled ed with a scrobious affection of the nose, which the skill of the first physicians in France it commends itself to the attention of all.

RENNES, DEPARTMENT OF ILLE & VILAINE, France, July 17, 1845.

Messicurs Sands:

The Sarsaparilla sent has been received, and the great benefit my wife has derived from its use upon a short trial, as well as the high recommendations we have received, gives us great hopes of being able to cure with this medicine a disease that the most celebrated physicians of France have not been able to effect. My wife is fully determined to continue its use until a perfect cure is effected, and fearing what we now have will not be sufficient, please send us some more without delay, and be assured, gentlemen, we shall take pleasure in making known its great virtues to our friends and the public; and I doubt not that it will soon be extensively used here, and all over the world as a three world as a three world as a transfer of the proprietor of this Entraordinary and the public; and I doubt not that it will soon be extensively used here, and all over the world as a three world as a state of the proprietor of this Grace the Duke of Forthand to Mrs. Ann Melish, (one of his Tennuls.) whom His Grace cust please of patients to Mrs. Ann Melish, (one of his Tennuls.) whom His Grace cust please of patients to Mrs. Ann Melish, (one of his Tennuls.) whom His Grace cust please of patient to the Proprietor of this Extraordinary Melicine.

delay, and be assured, gentlemen, we shall take pleasure in making known its great virtues to our friends and the public; and I doubt not that it will soon be extensively used here, and all over the world, and that many afflicted sufferers will hail with joy the knowledge that there is a vegetable preparation sufficiently powerful to eradicate their diseases. I have the honor to remain.

Yours respectfully,

No. 1, Rue Louis Philippe.

The following is an extract from a letter received from Mrs. Bevan, who had been afflicted for several years with Scrofiolus Ulcers, Dyspopsia, &c. and recently with an affection of the Throat and Chest.

Messr. J. H. & D. Sands.—Before I commenced using your Sarsaparilla, my sufferings were almost past expression; ny throat was completely ulcerated, I had a dreadful cough, and there were frequently weeks together that I could not speak above a whisper; and besides, the inflammation from my throat extended to my head, so that my hearing was very much impaired. After taking the Sarsaparilla a short time, my health improved, and my throat is now well; I am as free from cough and tightness of the chest as ever I was, and can hear quite distinctly. My throat has been effected entirely by the use of your Sarsa, and can hear quite distinctly. My throat has been well about three months, the cure of which has been effected entirely by the use of your Sarsa, and can hear quite distinctly. My throat has been effected entirely by the use of your Sarsa, and can hear quite distinctly. My throat has been effected entirely by the use of your Sarsa, and can hear quite distinctly. The citizens of New England are respectfully informed that in consequence of the great popularity which the above named Indian Vegetable Pills have earned by their astonishing goodness, a gang of counterfeiters are now industriously engaged in palming on the unsuspecting, a valueless and perhaps dangerous medicine, under the name of Indian Vegetable Pills.

This is to inform the public that all genuine medicine has on the boxes
