Your Child's Cough

Is it nothing? Is it to be neglected until it leads to that terrible scourge consumption? Peps stands between winter coughs and colds, and serious consequences. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not acting.

SACKVILLE RATE FIXED.

The difficulty between the town of Sackville and the Eastern Electric and Development Company over the matter of lighting the streets of that town from midnight to dawn occupied the attention of the public utilities commission which met here yesterday. The board had previously passed on the matter in a general manner but, yesterday, an order was made settling the difficulty. The board delivered judgment and an order was made fixing a rate of \$8.18 per lamp for a service similar to that now performed including lamp renewal from midnight until dawn also that the schedule of rates, filed by the Eastern Electric and Development Company, be awarded accordingly. There were present at the meeting G. O. Gibson, City chairman; F. Michaud, A. B. Connell and Fred P. Robinson, secretary. Aside from the matter of the Sackville street lighting but routine business was transacted.

Samuel and William Gordon, twin brothers of Fryburg, Me., passed their 82nd birthday last week. The twins are very active for men of their age and have a brother four years older than themselves who is a practicing physician in Fryburg.

PURITY FLOUR
More Bread and Better Bread

Is it Fair?

BELGIUM entered this war because she would not sell her honor to an overwhelmingly powerful neighbor. Britain and Canada took up arms in defense of treaty obligations and simple justice. The Belgian motive is as noble and unselfish as our own.

Belgian troops are holding the line side by side with our own gallant boys, braving equal dangers—bearing equal hardships—straining the common enemy.

But there the equality ends! We non-combatant Canadians are living in a land of plenty—well-fed, lacking no necessity, and indulging in many luxuries.

The Belgian mothers and children in millions are eking out a pitiable existence on the daily ration of three slices of bread and a pint of soup supplied by the Belgian Relief Commission.

Are we justified, before the bar of common humanity, in callously leaving ourselves while they endure near-starvation?

What have YOU done to relieve them? \$2.50 will feed a Belgian family a month! The average Canadian family would scarcely miss this sum. You yourself could probably spare several times this much money—feed several Belgian families—and be none the worse off!

Will you do it?
