

ASK \$2,200,000, GET \$1,350,000 FROM GERMANY

Thomson Co. Shareholders Here Receive Damages for Detained Vessels

STEAMERS SEIZED AT HAMBURG DURING WAR

Battle Liners Were Discharging Cargo and Under Repairs at Outbreak

Through the efforts of P. W. Thomson, who accompanied by his solicitor, W. G. Pusley, of Montreal, presented the claim of the Thomson Company for compensation for two vessels held by the Germans during the war period, that company will receive next week from Germany the sum of \$1,350,000 in settlement of their claim.

SEIZED AT HAMBURG

The two ships, the Pandosa and Tebia, were in the Port of Hamburg when war was declared. They had completed discharging cargo and were undergoing repairs at the time, and the German authorities seized them and kept them until after the armistice. The claim set forth by Mr. Thomson and his counsel is that the vessels had been held in contravention of international law, which allowed vessels of enemy countries a port at the time of the declaration of war as an opportunity to clear for their home port, and as the Germans had prevented these vessels from clearing the owners were entitled to damages.

The amount of the German Chancellor of Reparations was \$2,200,000, and the award is announced as \$1,350,000.

BATTLE LINERS

The Pandosa and Tebia were the last two of the battle liners in commission. After the signing of the armistice they were released by Germany and sold by the Thomson Company to Scandinavian parties.

The shareholders in the Thomson Company are mostly located in Saint John.

H. Gordon; "cop," John MacEachern; "bigamist," John Chard; "lawyer," George Fry; "common draw," The James Gordon; "culprit," George Gordon. The audience filled the hall. Candy was sold. Refreshments were served by the performers by the ladies of Fairmount Lodge.

I. Cunningham. The applications will have to be filed at the office of the local Collector of Customs not later than July 18. PLAYED HEROIC PART IN WEST

Senator De Veber of Saint John Braved Many Hardships

Traveled Thousands of Miles in the Saddle on Missions of Healing.

Referring to the late Senator L. G. DeVeber, who was born in Saint John and who died in Aylmer, Quebec, on last Thursday, the Ottawa Journal says: "A weary, travel-stained figure, tired and worn from days in the saddle, riding into the wilderness with his doctor's kit slung over his shoulder, and a grim determination within his breast to reach a dying man in the far outposts of the north-west!"

"This is only one of innumerable such pictures taken from the life of Honorable Leverett George DeVeber, M. D., Liberal Senator for Lethbridge, Alberta, who died on Thursday at his summer residence, Aylmer. For Dr. DeVeber will be remembered by the men and women of Canada's Northwest as one of a few long-suffering, fearless and self-sacrificing souls, who dared to brave the sufferings and privations of the great long landings of the West in their effort to bring relief and help to the isolated people of the country, when in sickness and distress."

WITH MOUNTED POLICE

"Dr. DeVeber acted as surgeon for many years with the Royal North West Canadian Mounted Police and many are the members of that force today who can testify to the efficacy of his medical and surgical knowledge. In those early days a doctor might be living in a part of the country where for hundreds of miles about was the only legalized medical practitioner. Long journeys by horse were daily occurrences with Dr. DeVeber and many times he was called to attend patients living at distances which necessitated the use of three or four horses in relays."

"For years Dr. DeVeber stuck to his post in the west practicing the greatest of all humanitarian arts, the art of healing, and in the commission of that he so freely gave to help the pioneers of the North West he has received payment three-fold in the good will, respect, and devotion which his friends of the North West have always extended to him."

42 YEARS IN WEST

"His practice in the west extended over a period of 42 years, during which time he was active in treating patients far and near. He was the founder of the medical college at Saint John, N. B., known as the "Campbell, Roy, Bryan, Craig and Shillington," which company had offices in Lethbridge. He is survived by his wife, formerly Rachel Ann Reagan; one son, Lovett, formerly Dr. E. Thomas, of Saint John, but now of Ottawa; one daughter, Mrs. Francis Dunn, of Newcastle, England; one brother, LeBaron DeVeber, of Nelson, B. C., and one sister, Mrs. Walter Creighton, of Brantford, Ont. Two sisters, Mary and Ella, predeceased him."

BEATRICE GETS AWAY

Authority to grant clearance to the motor ship Beatrice, which was detained here yesterday afternoon at Ottawa, arrived late yesterday afternoon at Collector C. B. Lockhart. The collector notified the captain that he could clear and sail at once if he wished to do so. The Beatrice got away about 10 o'clock for Lunenburg.

R. Teed, Mr. and Mrs. Warren Benson and children, of Saint John, are spending the summer with Mr. and Mrs. Frank Mitchell."

RID HOT JULY DAYS HARD ON THE BABY

July—the month of oppressive heat; red hot days and sweltering nights; is extremely hard on little ones. Coughs, dysentery, colic and cholera infantum carry off thousands of precious little lives every summer. The mother must be constantly on her guard to prevent these troubles, or if they come on suddenly to lighten them. No other medicine is of such aid to mothers during the hot summer as is Baby's Own Tablets. They regulate the bowels and stomach, and an occasional dose given to the well child will prevent summer complaint, or if the trouble does come on suddenly will banish it. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

POLICE COURT CASE OVER AUTO SPEEDING

George Parlee is Reported and Some Evidence Taken—Adjournment For Tonight.

George Parlee, reported by Policemen Ross and Corner for exceeding the speed limit on the night of July 8, appeared in the Police Court this morning and after the evidence of the officers had been given, the case was set over for two weeks until Policeman Corner returns from his vacation. G. Earle Logan, appearing for Mr. Parlee, said he had five witnesses to call.

Policeman Ross testified that the defendant drove his car at a speed of about 20 to 25 miles an hour down Duke street into Prince William street at a speed of approximately 25 and 30 miles. He stopped the car. The defendant wanted to know why he was stopped. The witness replied because he was going too fast over the crossing. The defendant told him he was in a fruit store and could not possibly have seen him, and when he told Parlee that he was not in the store but on the sidewalk, the defendant called him a "liar." The defendant then got into his car with a remark that he would appear in an argument just next morning. To Mr. Logan the policeman denied that he referred to occupants of the car as a "bunch of hoodlums."

OTHER CASES

Edward Curran, reported by Policeman Corner for exceeding the speed limit, was fined \$5. He said he had no money and did not think he could pay the amount. He was given 20 days in jail.

Samuel Jackson was fined \$5 on a report of making a wrong turn with his auto.
