The New Roads did it ~

"Gee, you make a fellow anxious

to get out on those new roads, too."

"Why not get a bicycle and come along with me, Fred? Come and breathe the clover-laden breezes. And see the fields sprout up this spring. And the grain ripen golden in the fall. I know some pools where there's a fish or two. And some places where the mushrooms grow. We'll take our bicycles along next vacation, too."

"Vou've sure got me going. Iim."

"You've sure got me going, Jim."

"Well, now I've got you going, I want to steer you right. Let me whisper a word of advice. Get a C.C.M. Bicycle." "Why, what's the difference?"

A Peppy Bike

"For one thing, there's the Triplex Hanger. No other bike has it. The Triplex responds to the slightest pressure on the pedals. You start easier. Get under way faster. Every bit of weight you put on the pedals counts for speed. The Triplex Hanger is sure a peppy power plant.

The New Pedal

"There's the new Gibson Pedal, too.
A beauty! Aluminum frame that looks
like silver and cannot rust. Strong, yet
wonderfully light. Watch how she spins:
And see how perfectly it fits the foot.

"But I'm not a salesman, Fred. Just
hike down to the C.C.M. dealer's. He
will be glad to tell you all about C.C.M.
Bicycles—why they're nickelled over
copper, why the enamelling lasts so long,
why English Seamless Tubing makes the

Brake.

Bottom Prices

"Go down and get your C.C.M. now and come out for a ride. You can easily afford one—C.C.M. Bicycles are almost down to pre-war prices; \$15 to \$20 less than the 'peak' prices. They've hit the bottom for a quality bicycle."

Sumerian City was Seat of First Empire Known to History.

David Draper, writing from Rio do Janeiro to the London Times, narrates the following:—Goodman Household with the succeeded in persuation of the collection of the states the following:—Goodman Household when the form of the order to the states the following:—Goodman Household with the succeeded in a making as a machine and a state of the states the following:—Goodman Household with the succeeded in a making as a machine and the states who landed from the wreck of the Minerra, which went sahore on the Fourstain Rocks at Durban. Being of an inspection of mind, Goodman became a self-taught mechanical engineer, and went in for constructing machinery in the survey of the states of t flight without motive power was possible, provided he could obtain the

necessary material for constructing the wings.

These calculations he placed before the celebrated mathematician, Dr. Colense, at that time resident Bishop of Natal, who gave his opinion that Household's figures were correct. To obtain the material required, a special quality of densely woven silk was imported from Switzerland and specially designed steel tubes from England. With these he constructed a large single plant, with a steering apparatus, or tail, and a seat for the operator. I had a drawing of the machine, but it has been lost, as I did not consider it would ever be of any use, and consequently took no care of it.

The Household family resided on a farm in the Karkloof district, about twenty miles north of the village of Howick. The Karkloof mountain is a high table-topped peak, partly surcessary material for constructing the

high table-topped peak, partly sur-rounded by a precipice, several hun-dred feet in height, and it was from this elevation that Goodman decided to take his first flight. With the assist-

Piles are usually due to strain-ing when constipated. Nujol being a lubricant keeps the food waste soft and therefore prevents strain-

ing. Doctors prescribe Nujol because it not only soothes the suffering of piles but relieves the irritation, brings comfort and helps to remove them. Nujol is a lubricant—not a medicine or laxative—so

cannot gripe. Try it today.

How Hundreds Made A Bread Discovery

It happened this last week. Moving day came on top of housecleaning. Trouble enough in that without bothering to bake bread in a stove only needed now a little before

So hundreds of St. John housewives decided to try a baker's bread just this once.

And from the way our sales have jumped up and stayed up we have come to believe that this year again the great majority chose Robinson's and were glad of it enough to keep on having it. Always a host of new and permanent patrons come to us this way every May. For many reasons they find a saving and

a satisfaction you'll not know till you try. **Robinson Breads**
