THE E. D. C. GROUNDS AND SPORT
The Globe and Standard have both disputed the statement of the Times that the Every Day Club playgrounds would soon be out of commission. They state that "the grounds have not been sold." The reply is that a strip sixty-five feet wide has been sold off each side within the fences and what is left would be of no use as a base ball field. Moreover the remaining strip may be sold at any time. The Times stated that the grounds would probably go out of commission next spring. Ald. Lively has stated that he may occupy his share of the grounds next spring, in connection with his business. If he does, there will be no room for base ball. If he does not, and the Barber estate does not sell its share, the grounds may be available for another season. But that is not expected.

MR. SHAW'S LOSS
Daily Gleaner—A. C. Shaw, formerly of this city and now superintendent of agencies of the Imperial Life of Canada, who is at the Queen Hotel today, met with an unfortunate experience while in Vancouver recently, being robbed of jewelry, money and papers to the value of \$850.

With Mrs. Shaw he was at the Glenwood Lodge hotel, one of the leading hotels of Vancouver, and they were assigned to a room on the second floor. They arrived at the hotel on Saturday and on the night of Tuesday, July 26, burglars picked a lock at the window, climbed in while Mr. and Mrs. Shaw were asleep and carried off the booty, making a clean getaway. Mr. Shaw is taking legal action against the hotel Glenwood Lodge for the value of his loss and says that the windows of his room had no bars.

POLICE COURT TODAY
Eight prisoners, seven of them men, and the other a woman, lined the bench in the police court this morning, all but one charged with drunkenness. Fines of \$4 each or ten days jail were imposed on Oliver Lewis, George McLaughlin, Walter Currie, and George O'Connor. Eva Morrell was fined \$8 or two months and Harry Merriman and Charles Richmond remanded.

John Brennan, aged 55, told the court he had no home, and wished to be taken to the Municipal Home to spend his last days. He had been in Boston for about five years, after leaving his home here, but had taken ill, and now had come back for protection. He will be taken to the home.

DISTRESSING
SCENE AT BURIAL OF CARLETON WOMAN
Husband Comes to House and Takes Children Away—He Gives His Reasons

A pitiful and extraordinary incident occurred in Carleton this week, at the home of John Brown, on the occasion of the funeral of his daughter, Mrs. Rola Lohb, according to communications which have reached the Times-Star office from two sources. It is told that Mr. Lohb, husband of the deceased, went to the home where the body of his wife was lying, and took away his two little children, who had been living there, and that this was done before the funeral ceremonies were begun, though he allowed them to look upon their mother's face for a last time before being taken away. He left with them without attending the funeral.

The mother and father had not lived together recently. When spoken to by a Times-Star reporter this morning, Mr. Lohb said he had taken his children from the house, and also that he had done so while their mother was lying dead nearby, but that his purpose was, in reality, to be satisfied by the children, as he desired to secure control of them and provide for their welfare. The reason he had gone to the home at such an hour was that he had been warned by her brother that he would have difficulty in gaining control of the children later, and therefore, he decided that there would be no more opportune time. The case might come to the courts, he said, but he would engage counsel and have the matter dealt with properly. Until this occurred, he had nothing further to say.

Gregory Lohb writes to the Times disclaiming any connection with the matter.

The monthly meeting of the Y. M. C. A. Harriers will be held on Monday evening at 8.30. Arrangements will be made for another cross country run to be held on the 21st inst. Similar to that of Thanksgiving Day. The former run proved very successful and an even larger number of runners will be on hand for this meet. Both Sterling and Horsman have stated their intention of entering.

The question of having a hockey team in the Intermediate League will be discussed and a chairman will be appointed for the hockey ball committee. The track captain will also announce the names of the four vice captains appointed by him.

As the Harriers have already announced their intention of having a series of indoor meets this winter members are expected to commence training at once.

THE PLANS FOR THE N.W. VICTORIA HOTEL

If the plans now under consideration by a local syndicate materialize, St. John will soon have a modern apartment house. L. P. D. Tilley, representing a syndicate of local men, has secured an option of the New Victoria Hotel building, Prince William street, and if it is found that there is a sufficient demand for apartments in the house, they will remodel it and furnish it for that purpose.

Mr. Tilley said today that in his work in connection with the St. John Real Estate Co., he has frequently been asked by people where they could get furnished with a sufficient number of apartments to meet that requirement. It is proposed to convert the house into two room apartments, with baths, and to establish a restaurant in the building for the convenience of the tenants.

The building has been unoccupied for some time and it is felt that with the present development in St. John that such a success would be achieved. If the syndicate finds that there is the demand for a building of this kind, that they anticipate, they will proceed at once to complete the sale and its up in a proper manner.

G. P. R. MATTERS

William Downie, general superintendent of the Atlantic division, C.P.R., returned last night after a trip over the division including Bangor, Edmonston, Aroostook Junction and St. Stephen. He said that the summer work over the line was just being completed, and he found every thing in excellent condition.

Regarding the St. John Ambulance Association meeting organized among the P. R. employees, Mr. Downie said that, immediately on the return of Dr. T. D. Walker, to the city, there would be a course of lectures delivered and organization work would be under way. There were two classes in the city, one on the east side and one on the west side. Branches were also established at McAdam, Woodstock, Aroostook, and Brownville Junction, Me., and the medical men in these places would lecture to the members.

Suggests \$100,000 Ferry

At a meeting of the ferry committee yesterday, Ald. Potts and Superintendent Waring reported that they had been unable to find a suitable ferry boat while on their trip away, and it was decided to recommend to the council that the superintendent prepare plans and call for tenders for a new boat.

It was estimated that a new boat would cost about \$100,000. The superintendent suggested that the new boat be built of steel, with engines of 200 horse power and higher decks than the Ludlow.
