LAST MINUTE WORDS

FROM MANY PLACES Sydney, - S. W., April 13-The govern ment's preliminary estimate for the season of 1910-11, indicates that 2,599,000 acres will yield 27.709,000 bushels of wheat and 472,000 tons of hay. The wheat, it is esti 472,000 tons of hay. The wheat, it is estimated, will average 2.39 bushels above the yield for the last five years.

Winnipeg, Man., April 13.— Policeman James Beattie rushel into a burning building at Water and Main streets today to rescue some people imprisoned by flames, and was killed by electricity. ACKNOWLEDGEMENT.

The president of the Every Day Club acknowledges with thanks splendid donations of magazines and illustrated papers from Mrs. W. J. Wetmore, 202 St. James street, and Mrs. Chas. R. Wasson, 279 THE STEAMERS Steamer Jacona left at 8 o'clock last hight for St. John to finish loading deals. Conaldson liner Indrani left New York night for St. John to load a cargo

American schooner Sallie E. Ludlam Members Montreal Stock Exchange loading for Vineyard Haven. American schooner Abbie S. Walker, is chartered to load at Windson, N. S., for New York,

LIGHTING DEVICE IN KING

It is possible that the idea of having King street illuminated at night by extra electric lights may yet be brought about. It will be remembered that after the Dominion exhibition last year an effort was made to have the extra lighting continued and several firms agreed to pay a proportionate share of the expense. Some objected to going into the scheme, however, and the matter was dropped. Now, as a result of the action of one firm, the idea may be revived in a different form.

During the last few days workmen have been engaged in front of the hardware establishment of T. McAvity & Sons, digging up a portion of the sidewalk and putting in concrete work, and many people have been wondering what was the object of the work. Today their curiosity was satisfied for a very handsome electric light post was placed in position at the edge of the sidewalk.

HANDSOME NEW ELECTRIC

manufactured in the firm's foundry, Broad street. It is about thirteen feet in height, Street. It is about thirteen feet in height, with four hanging globes and one upright globe, bearing the firm's name. The hanging globes are twelve inches in diameter and the upright one is sixteen inches. It is to be lighted with five 100 Watt Tungsten lamps. A number of other firms in King street are considering putting posts of similar design in front of their premises, so that the street may again present the brilliant appearance that it did during the time of the exhibition last year.

Messrs. McAvity expect to have the lamps lighted every night. T

NEARLY DROWNED. St. Andrew's Beacon: There was almost a drowning accident at Chamcook lake, on Monday last. While putting the water pipes in the lake, one of the workmen, an Irish immigrant, broke through the ice. "Joe" Brady, the pipe "boss," of St. John, grasped him, and with the assistance of others he was rescued."

FISH SHORTAGE. Fresh fish are reported as very scarce and prices have taken a decidedly upwards tendency. It is some years since there has been such a shortage. Gaspereaux which could be bought for 70 cents a hundred last year are bringing \$2.50 at present. There are but few being caught in the harbor and the supply is chiefly from Lorneville.

Whereas a boat load a day was the or der last year the same supply in a week is the best that can be done now. Dealers are now anxiously awaiting a supply. Halibut are also in a limited quantity and Cod are worth 2 1-3 to 3 cents a pound, and were sold last year at 11-2.
