

WOMEN'S FOREIGN MISSION SOCIETY.

We are glad to add to the yearly report of St. Andrew's Church, the formation of a Woman's Foreign Mission Society, initiated by the Rev. Professor McLaren, in March last.

The first meeting was called on the 20th of March, when, besides the four officers, three ladies presented themselves for membership. Now, ten months after, we number twenty-seven, giving an average contribution in envelopes of \$4.75 each month, the membership fee being 50c.

To add to our funds we have been holding parlor socials, at which a silver collection is taken up. These are both profitable and socially beneficial in the congregation, and we have now decided to read our Foreign Missionary correspondence at these, to obtain a wider interest.

By Treasurer's Report at end of December, the money result so far is \$104.38 in bank, which shows the power of united effort even among small numbers. The report is respectfully submitted.

M. S. CHISHOLM,

Secretary W. F. M. Society.

Office-Bearers of the Women's Foreign Mission Society.
