INK, INK. A NEW IMPERIAL CHEMICAL WRITING INK.

Warranted not to Injure by Freezing.

THE want of a good description of Black Writing Ink has been long and se-verely felt in this Province; one great diffi culty is, that Ink now in use is completely useless after freezing; another is, that corrodes any pen except gold, destroying pens very fast; it will also become thick of the air .- this cannot b ter being exposed to avoided on account of the ingredients mos lok is composed of.

The subscriber begs leave to inform his customers and the public generally, that he has manufactured in Canada, a fine Chemical INK, which is warranted not to mjure by freezing—in fact, after freezing some five or six times, it becomes bracker—making t the best luk for this climate; it is also war ranied not to corrode, making a saving in Pens of 50 per cent. It being a Chemical lok, it is free from the annoyance of sediment, causing no trouble in cleaning bottles. In writing, you can perceive a slight shade of blue, cousing it to flow free and easy. in Canada have pronounced it superior and types, giving as perfect an impression as any cheaper by 25 per cent, than any ink they can import. Merchants in different paris of the Province will find it much to their adwell adapted to this climate. It is sput up all kinds of card-board.
