MR. HANBURY DECLINES TO YIELD.

Agallon of wine for a cent in Italy. An enormous vintage for two years in succession has caused a glut in grape juice, and the soldiers of the country are to have wine instead of coffee with their rations.

As a result of a fire in Philadelphia last Friday, nineteen people are known to be dead and the property loss is estimated as \$500,000. Policemen and firemen are searching the ruins for the bodies, and it is feared that others besides these nineteen are lost.

Mr. Hanbury, in replying to the deputation, pointed out that this matter was provided for by an Act of Parliament passed so recently as 1896, and he believed there would be a distinct majority in the House of Commons who would make it impossible for any Government to pass a measure repealing that Act. He pointed out that it applied to live snimals from all over the world, and Causda was on exactly the same footing as any other country. Any alteration, and the believed there would be a distinct majority in the House of Commons who would make it impossible for any Government to pass a measure repealing that Act.
