A correspondent writes: We have taken pains to enquire int the case of M. LeN. King, regarding whom a brief notice appeared in the Sun a few days ago. In justice to him we ask the Sun to publish the results

of our investigation.

"The attacks of the woman, Dr. inent position overlooking the falls Skelton, on Mr. King were an attempt good way to make an investment, as at blackmail. These attacks had continued for over three years, and had een tolerated because Mr. King disliked taking action against an apparently insane person. Finally, however when the woman began to send ob scene cards to Mr. King through the mail, his patience became exhausted, John J. Chappell of Charlottetown, and he placed the matter in the hands of the U.S. postal authorities, who caused the woman's arrest. She brought before the U.S. district attorney, who adjudged her a mon and therefore advised Mr. King to stay daughter, who has been living there of her friends, that she would cease annoying Mr. King. We can state positively that the stories regarding a nock marriage, etc., are absolutely FREDERICTON.

LONDON, Nov. 5.-The question of

the recognition of Panama's independence entirely depends upon the action of the United States. If Washington communicates to the powers that it intends to recognize the independence of chine shop of G. M. Wilson for some Panama it is not likely that there will slight repairs. Mr. Wilson turned out the slightest objection on the part of Great Britain, while, according to day before and sent it off in front of the views of the diplomats here, the other European powers probably will to work on the branch road. quickly follow suit. There has long been a strong feeling in British official delivered at the residences of Hampcircles that it would be an excellent arrangement if the United States would undertake the preservation of good order and the stability of all the Central American states. This feeling is wel known to the American diplomats in England.

LOVERS OF BEAUTY.

(Detroit Tribune.) The Japanese have a most charming well in following. In the houses of the here as being a fresh pledge of the prewell-to-do there is always one room servation of general peace. which is called "the chamber of the inspiring view," and from the windows attention as they reiterate the suggesof this room may be seen some beauty tion of an Anglo-Russian rapproachof nature, sometimes a glimpse of a ment, which has been recently mooted winding river or pretty hills, and fre- by some Russian publicists. The Novquently it is no more than a blossom- itch contests the idea that Russia and stretch of white snow, but in any case says the best proof of this is found in showing the simple love of the naturally beautiful. While we Americans the influence she had exercise give theatre and dinner parties, the Japanese get up parties to visit the maple trees while they are resplendent go out into the country to view the fresh untrodden snow.

Hilton-"Isn't it a funny thing for you to put up the sign, "Beware of the any rate, it is severely practical. It drowned on the voyage from Hamburg costs a good deal less to maintain the on the American liner Arcadia, which Discussion: Opened by M. D. Coll, sign that it would to keep a dog."— arrived here last night, four days over.
